With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

Description

The Cranbrook Health Unit is expanding! We are seeking several Permanent Part Time Community Health Workers to join the team! The ideal candidates will have completed a health care assistant program, current registration with the BC Care Aide Registry, and a passion for providing client-centered care.

Located in the southeastern corner of British Columbia, Cranbrook is the business capital of the East Kootenays and the largest city in the Rocky Mountain Region. Nestled on a gentle plain with scenic mountain vistas in the distance, it is considered by many to be an ideal location to raise a family or retire. Boasting more hours of sunshine than anywhere else in the province, its residents enjoy a variety of outdoor recreational opportunities including golf, hiking and skiing. For those who enjoy more urban pursuits, there are shops, boutiques and cafÃ©s, as well as an arts centre and heritage attractions. Cranbrookâ€™s economy is driven primarily by mining, forestry, transportation and tourism.

As a Community Health Worker, you will work as part of a dynamic team of Nurses and LPNs who support Community Clientsâ€™ independence and ability to stay at home. Community Health Workers provide home support services to clients, by assisting with personal care and daily living, while promoting maximum independence. Community Health Workers are key players in the home health care plan for each client.

Typical duties include:

â€¢ Activities of daily personal care, such as bathing, dressing, grooming and oral hygiene
â€¢ Household duties related to maintaining a safe and healthy environment in the home
â€¢ Meal preparation in accordance with designated plans
â€¢ Assistance with mobility and transfers
â€¢ Observing and reporting changes in client behaviour and condition
â€¢ Performing delegated tasks according with training and procedures

We have multiple Permanent Part Time opportunities available ranging from 0.50 to 0.69 FTE and with rotations ranging from day/evenings, all evenings, and all nights. Something for everyone! Because you are required to use your own vehicle to travel to clientsâ€™ houses, we provide an insurance differential as well as reimbursing your mileage.

In addition, this position also qualifies for our full comprehensive benefits plan including health and welfare benefits, paid vacation and sick time and a great pension plan. If you are looking for the opportunity to work guaranteed paid hours with a fun, supportive and progressive team, apply today!

Interior Health strives to create an environment where you enjoy the work you do, the place where you work, and the people around you. Everyone plays a role in the care continuum.
