

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

If you have honed your acute care nursing practice (which includes recent operating room experience) and if you are an innovative clinical educator who is skilled in developing, implementing and evaluating clinical practice standards at a regional level; then we have a rewarding opportunity for you in our Professional Practice team based in downtown Kelowna.

The ideal applicant will be an established leader in clinical education, who will work autonomously within a high functioning team of subject matter experts who are responsible for developing clinical practice standards, implementing change and decision support tools for nurse Educators across the region.

The Regional Knowledge Coordinator in consultation with the Operations/Program/Practice Leader(s) works with Interior Health (IH) Leadership in the development, implementation, delivery and evaluation of education, training and related knowledge services within the assigned practice area(s).

The Regional Knowledge Coordinator provides knowledge services leadership and promotes consistent development, application, delivery and integration of evidence-based knowledge services within the assigned practice area(s) by methods such as: integrating evidence informed knowledge; utilizing adult teaching /learning techniques; incorporating change management principles; and acting as a resource to staff and others by providing evidence, guidance and support in relation to education/knowledge transfer methods, technologies, best practices and initiatives.

This is a term specific full time position until approximately February 28, 2019. Days of work are Monday to Friday from 08:00 to 16:00. Occasional travel may be required.

Interior Health strives to create an environment where you enjoy the work you do, the place where you work, and the people around you. As a member of the team, you'll have access to services and benefits that can help you get the most out of work while maintaining a balanced lifestyle.

Apply today and join our team at Interior Health, where Every Person Matters!

### Experience

• Three (3) years' recent, related experience in the assigned practice area(s) • Operating Room

• Two (2) years' formal experience in adult teaching/learning, curriculum development, teaching, providing in services or staff development function; or an equivalent combination of education, training and experience.

### Credentials

• Current practicing registration with the British Columbia College of Nursing Professionals (BCCNP)

• Current valid B.C. driver's license

### Education Requirements

• Completion of a Baccalaureate Degree in Nursing from a recognized institution.
