

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Postdoctoral Fellowships in Addictions ResearchPeter Boris Centre for Addictions ResearchMcMaster University & St. Joseph's Healthcare HamiltonThe Peter Boris Centre for Addictions Research (PBCAR) at McMaster University and St. Joseph's Healthcare Hamilton is inviting applicants for postdoctoral fellowships in addiction research. The fellowships are to gain advanced research training to understand the etiology and treatment of addiction. Fellows will work closely with a primary mentor and co-mentors from the Centre's affiliated faculty to gain new skills, contribute to existing projects, and develop their personal research programs. Areas of focus are: Using brain imaging to understand addictive behaviour; Understanding addiction via behavioural economics and neuroeconomics; Genetic correlates of addiction and related endophenotypes; Developmental course of alcohol and other substance misuse in emerging adults; Effects of cannabis legalization in Canada; Trajectories of recovery and relapse in addiction treatment. Conditions of interest include alcohol use disorder, cannabis use disorder, gambling disorder, and food addiction/obesity. In addition, PBCAR faculty have interests in the overlap between addiction and several other conditions, particularly post-traumatic stress disorder, major depressive disorder, and attention deficit hyperactivity disorder. Eligible applicants will have completed a PhD or MD (or equivalent) degree, with training in psychology, psychiatry, behaviour analysis, cognitive neuroscience, behavioural genetics, or related fields. Successful candidates will be intellectually curious, highly motivated individuals who can work well both in teams and independently. For candidates with a background in clinical psychology, supervised clinical training may also be available (subject to existing clinical opportunities). Benefits will include a competitive fellowship stipend and benefits (\$45,000-\$60,000 CAD) that are commensurate with experience, with the potential for travel support and pilot funding. The fellowship will be for up to two years. To apply, applicants should submit a current CV and letter of interest to Ms. Jane de Jesus ([dejesuj@mcmaster.ca](mailto:dejesuj@mcmaster.ca)). Within the letter, applicants should describe their interests and potential mentors. Interested applicants may also apply directly via <https://hr.mcmaster.ca/> (Job ID 28828).The PBCAR is a joint centre of St. Joseph's Healthcare Hamilton and McMaster, both in Hamilton, Ontario. Hamilton is a major hub in the 'Greater Toronto Area' that is known for high quality of life and low cost of living. Hamilton has a vigorous economy, a vibrant arts community, excellent restaurants, affordable housing, and hundreds of acres of conservation lands and national gardens. It is also part of the GO Train system for easy access to and from nearby

municipalities. St. Joseph's Healthcare Hamilton is the predominant adult mental healthcare provider in Hamilton and a major academic medical centre. McMaster University has a worldwide reputation for innovation across academic disciplines; its medical school is ranked second in Canada and 23rd in the world.
