Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

BC Ministry of Attorney General

Victoria

Business Analyst

Salary $61,665.45 - $70,367.02 annually plus 6.6% Temporary Market Adjustment

An excellent opportunity to join this dynamic team and apply your technological skills

The Information Systems Branch is responsible for providing strategic IM/IT leadership for the justice and public safety sector, and for the provision of IM/IT services to support our sector program areas and stakeholders. The office includes four divisions: MCIO Division, Client Services Division, IT Security, Privacy & Operations Division, and the Strategic Initiatives Division.

This position will provide technology planning, business analysis, systems design and client support services. Provides technical and project management expertise for multiple, concurrent, medium sized projects from initiation to completion.

The capital of British Columbia, Victoria is a beautiful city, with beautiful beaches and harbours, and a variety of provincial parks to explore. Located on Vancouver Island, Victoria offers a bustling downtown scene and has a wide range of restaurants and entertainment venues to choose from.

Qualifications for this role include:

â€¢ Degree, Diploma, Certification or equivalent education in the Computer Science field; or a combination of 5 years IM/IT related education and working experience.

â€¢ Minimum 3 yearsâ€™ experience developing and maintaining client communication networks, managing relationships with stakeholders.

â€¢ Experience providing business analysis related to integrated custom applications with complex business processes.

Preference may be given to applicants with experience in any or all of the following areas:

â€¢ ITIL certification

â€¢ PMI (Project Management Institute) or equivalent project management experience, certification or training

â€¢ Agile Methodology
