

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 24164

Job Overview Reporting to the manager, mine and tailings development, you will work directly with project owners and asset teams to understand, review and document business challenges and opportunities and develop creative and strategic approaches to solving them. Key Accountabilities

- Apply the asset development execution model (ADEM), which is a staged gate process, to expedite information gathering, analyze options, socialize concepts, and garner support for selected solutions through project lifecycle
- Successfully translate and implement our ADEM process throughout the business
- Define problems and opportunities and identify cost effective solutions that align to the business strategic direction
- Facilitate information gathering for developing scope for the identified solutions
- Analyze multiple options and work with the business area to screen options and ultimately complete concept selection and design
- Ensure that all partners are aligned throughout the projects
- Provide data and assumptions to our corporate economics group
- Support the completion of the long range (10 year) capital plan and annual capital budget
- Deliver stewardship to partners, supported by integrated project teams
- Obtain project partner alignment and gatekeeper decision as required

Required Qualifications Experience and Education:

- Six to 10 years of experience working in the oil and gas or similar industry; specific experience in mine and tailings planning is an asset
- Experience leading or coordinating cross-functional groups
- Experience working with consulting engineering firms is an asset
- Project management experience is a huge asset
- Bachelor degree in engineering
- Possess a valid driver's licence and a clean driving record

Skills and Knowledge:

- Demonstrated skill in Microsoft Office suite
- Deep understanding of the oil sands processes and economics, and supply chain principles
- Ability to work with diverse groups, handle conflict and have strong problem solving processes to optimize outcomes is key to success in this role
- Ability to influence and negotiate with project partners and challenge constraints and assumptions
- You hold others accountable, and expect others to do the same

Working Conditions

- If you reside outside of Fort McMurray, relocation of your primary residence to within 60 km of Fort McMurray is mandatory
- Relocation support will be provided; we offer highly competitive housing assistance to eligible candidates

Why Suncor We are Canada's leading integrated energy company with a business portfolio that includes oil sands development and upgrading, offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. Our global presence offers rewarding opportunities for you to learn, contribute, and grow in a variety of career-building positions. We live by the value of safety above all else; do it safely, or don't do it. Our strong track record of growth and a focus on sustainability mean tremendous potential for the future. Learn about our mission, vision and values. In addition to rewarding job opportunities, we offer an attractive employee package, including:

- Competitive base salary, compensation programs, and an annual incentive program
- Flexible benefits package
- Rewarding pension and savings plans
