

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Electrician, Mine Equipment Maintenance

Job ID	508615600-7815
Web Address	https://careers.indigenous.link/viewjob?jobname=508615600-7815
Company	Suncor
Location	Wood Buffalo Fort Hills, Alberta
Date Posted	From: 2018-10-11 To: 2050-01-01
Job	Type: Full-time Category: Resource Sector

Description

LOCATION: Fort Hills, Wood Buffalo, Alberta (CA-AB)

JOB NUMBER: 25702

Job OverviewReporting to the shift supervisor, you will be responsible for supporting our Fort Hills mine maintenance team by safely maintaining the heavy equipment fleet to ensure optimum reliability and availability of our assets.

Key Accountabilities

- Execute maintenance activities including installation, troubleshooting, and repairs to all systems and equipment to ensure optimum reliability and availability (electrical safety systems, motor starters, large medium voltage frequency drive systems and PLCs, 13.8KV/ 7.2KV / 600 V / 480 V and 220 V power distribution and computerized control systems)
- Conduct preventative maintenance inspections and repairs on all types of heavy and auxiliary equipment and ensure that preventative maintenance guidelines are adhered to and maintain complete and accurate records
- Support in the removal and replacement of major components (engines, transmissions, wheel motors, etc.)
- Safely operate company-provided equipment and vehicles
- Actively participate in post-event failure analysis and root cause discussions to craft creative solutions
- Troubleshoot, repair and test high voltage trailing cables
- Build an atmosphere of continuous improvement centered on safe work practices, procedures and standards

Required QualificationsExperience and Education:

- Two years of post-apprenticeship experience maintaining mining heavy equipment
- Two or more years of experience on P&H 4100BOSS A/C electric cable shovels and Komatsu A/C ultra-class electric haul trucks
- Valid Alberta Journeyman Electrician Certificate or an Interprovincial Red Seal; attach your journeyman / red seal ticket with your application
- High School Diploma or General Education Diploma (GED)
- Possess a valid driver's licence and a clean driving record

Skills and Knowledge:

- Exceptional knowledge and application of technical requirements and quality standards
- Deep understanding of maintenance and operations with the ability to read and interpret equipment specifications, engineering drawings, blueprints, charts, and tables, or study sample parts as required
- Familiar with computerized maintenance management systems; working knowledge of SAP would be considered an asset
- A strong safety and environmental mindset

Working Conditions

- This position has been identified as safety sensitive
- This is a camp-based position at the Fort Hills site
- Shift schedule is a seven days on/seven days off rotation (seven days on, seven days off, seven nights on, seven nights off; 12-hour shifts)
- Requires some heavy lifting, use of ladders and working on elevated work sites such as scaffolds and towers both indoor and outdoor as well as within confined spaces

Why Suncor

Go ahead. Expect growth. We want you to have a job you're genuinely excited about - as well as opportunities to learn and challenge yourself or mentor others. Plus, Suncor Energy offers a flexible employee package that can be adjusted to suit the changing needs of your life, including:

- Competitive base salary and compensation programs
- Attractive annual incentive program
- Flexible benefits package
- Rewarding pension and savings plans

Our mission to create energy for a better world begins with caring about the communities we live and work in, while responding to your interests and concerns. Read our Suncor Connections newsletter to see how we're living up to our commitment to keeping you informed.

About Fort Hills
Fort Hills, a joint venture between Suncor, Total, and Teck Resources, is the largest undeveloped oil sands mining asset in the region. Located 90 kilometres north of Fort McMurray, you'll travel in comfort from one of our Western Canadian hubs, or Fort McMurray. There, you will stay in a world class, modern yet comfortable, lodge-style accommodation. More information about life at Fort Hills is available here.

Business Overview
Suncor Energy is Canada's energy company - meaning rewarding opportunities for you to apply your knowledge, contribute and grow in a variety of career-building positions. Our business portfolio spans the entire energy sector, from a leadership position in oil sands development, to refining and marketing operations, natural gas, and conventional oil production, internationally and offshore East Coast Canada. And while we are working to responsibly develop petroleum resources and contribute to the communities where we live and work, we are also developing our renewable energy portfolio, which includes wind power and biofuels. As part of Suncor's team, you'll contribute to the ongoing success of

Canada's largest energy company - one with a solid track record of growth, a focus on safety and sustainability and tremendous potential for the future. And you'll have the opportunity to learn from experts in the industry and build on your skills every day. Suncor promotes diversity and inclusion in the workplace. Suncor is an equal opportunity employer and encourages applications from all qualified individuals. At Suncor, we are dedicated to building a workforce that reflects the diversity of the communities in which we live, and where every team member has the opportunity to reach their full potential. Not sure if this particular listing is the right opportunity for you? Please join our Talent Community at www.suncor.com and click on Careers, or follow us on LinkedIn, Facebook and Twitter for the latest job listings and employment news. Please note that our job postings are typically open for two weeks, so if you are interested and qualified, apply now. JOB CATEGORY: Trade & Operators
