

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Web Address	https://careers.indigenous.link/viewjob?jobname=516295600-5930	
Company	Suncor	
Location	Wood Buffalo Fort Hills, Alberta	
Date Posted	From: 2018-11-08	To: 2050-01-01
Job	Type: Full-time	Category: Resource Sector

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 26381

Job Overview Want to be responsible for helping to lead the standup of Suncor's autonomous haulage portfolio at our Fort Hills mine site You will report to the manager of autonomous haulage system (AHS) operations, and as assets and infrastructure are dynamically deployed, you will initially support the implementation team in the commissioning, startup and subsequent debottlenecking of early AHS operating phases. Once stabilized, you will demonstrate the expertise you've developed to facilitate and de-risk the onboarding of your operational peers, ultimately leading to the transformation of Fort Hills' mine operating model. Key Accountabilities

- Collaborate with AHS implementation team peers to develop and execute integrated plans for AHS deployment
- Support the development of AHS focused management tools and procedures to best set the operation up for success
- Lead cultural change management to facilitate required operational mindset shift
- Enables development of operational system competency and facilitates competency transfer to balance of operations peers
- Work closely with shift trainers to ensure skill sets and training requirements are being met
- Geographic area authority and operational risk management of AHS operating footprint while on shift
- Direct leadership and performance management oversight for AHS field and dispatch supervisors
- Collaborate with functional peers (i.e. mine planning, maintenance, EHS) to drive business results
- Provide back-up to the departmental manager position

Required Qualifications Experience and Education:

- 15 years of experience in relation to mining operations with a minimum of five years in a leadership capacity (superintendent/supervisory)
- Previous experience working in a start-up mining operation or new technology deployment would be considered an asset
- High School Diploma or General Education Diploma (GED)
- Possess a valid driver's licence and a clean driving record

Skills and Knowledge:

- Strong analytical and problem solving skills with a continuous improvement mindset
- Effective leadership skills with the ability to engage and inspire front line employees in a positive manner; you hold yourself and others accountable to always do the right thing, and expect others to do the same
- Collaborate with others in order to achieve the best results and deliver the most value
- Proven ability to effectively handle risk, change and the capacity to make sound and timely decisions aligned with corporate goals and values
- Strong working knowledge of Occupational Health and Safety regulations and a deep understanding of loss management techniques
- Knowledge of mining dispatch systems and support applications would be an asset

Working Conditions

- This position has been identified as safety sensitive
- This is a camp-based position at the Fort Hills site however periodic travel to Calgary will be initially required to support planning activities
- The shift schedule is a seven days on/seven days off rotation (seven days on, seven days off, seven nights on, seven nights off; 12-hour shifts)
