

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 26930

"Why you should join us": I have been fortunate to work on a vast array of jobs during my time here. I got hands-on experience with field water sampling and going to remote wells areas to retrieve field samples. I also got to help with a research on insects in the oil sands area. - Vernon (2018 Environmental Technician student in Fort McMurray) Student positions at Suncor are more than just a work term. They provide you with significant and important work experiences to help enable you to determine where you want your career to go - better yet, you may have the opportunity to become a permanent Suncor employee after you graduate! You will work side-by-side with some of the most talented people in the energy industry, and your work assignments and mentoring will offer you academic and career growth. We have multiple roles available in the Fort McMurray area such as: Engineering, Finance, Supply Chain Management, Human Resources, Environmental Health and Safety, and Operations. You will gain valuable work experience that will allow for personal growth while contributing to our overall success. Based on the program you're enrolled in and the requirements of the position, we will work to find the perfect opportunity for you. We'd like to review your application if you have:

Must-haves (minimum requirements):

- Post-secondary Indigenous students who are enrolled in Engineering, Business, Finance, Sciences, or a technical program at an accredited post-secondary institution

- Must be returning to full-time studies in the fall

- (Attach your transcripts with your application)

- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- Experience working with Microsoft Office products

- A motivated, self-starter with an interest in learning about the oil and gas industry

- Flexibility and able to adapt to changes in priorities and plans

Where you'll be working, your work schedule, and other meaningful information:

- You will be working out of either our Base Plant mine located in Fort McMurray or one of our other locations in the Regional Municipality of Wood Buffalo such as MacKay River or Fort Hills

- Depending on the role, hours of work range from a regular 40-hour work week, Monday to Friday, to a pre-determined shift schedule

- This is a four-month work term starting in May 2019 to the end of August

Why Suncor? Start your career at Canada's leading integrated energy company with a business portfolio that includes oil sands development and upgrading, offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. Our global presence offers rewarding opportunities for you to learn and grow in a variety of career-building positions. We live by the value of safety above all else - do it safely, or don't do it. Our strong track record of growth and a focus on sustainability mean tremendous potential for the future. Learn about our mission, vision and values. Stay connected to us:

- Follow us on LinkedIn, Facebook, and Twitter for the latest job postings and news

- Join our Talent Community and sign up to receive customized job alerts

- Read our Suncor Connections newsletter to see what we're doing in the communities we live and work in

We are an equal opportunity employer and encourage applications from all qualified individuals. We are committed to providing a diverse and inclusive work environment where every employee feels valued and respected. We will consider accessibility accommodations to applicants upon request. Please note that our job postings are typically open for two weeks, so don't delay, apply now. JOB CATEGORY: Students & New Grads
