

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

LOCATION: Fort Hills, Wood Buffalo, Alberta (CA-AB)

JOB NUMBER: 27537

Why you should join us: Want to work with and be responsible for maintaining the biggest mining equipment as an HET at Suncor? If you are passionate about safety, maintaining heavy equipment, building positive relationships and working within a very dynamic team environment, then this role is definitely for you! Reporting to the shift supervisor, you will support our mine maintenance team by safely maintaining our heavy equipment fleet to ensure optimum reliability and availability of the assets. You will use your expertise to:

- Execute all planned maintenance inspections and repairs on all types of heavy and auxiliary equipment
- Run maintenance repairs on our equipment, including troubleshooting hydraulic systems, engines, transmissions, electronics, etc.
- Remove and replace major components (engines, transmissions, wheel motors, etc.)
- Ensure that preventative maintenance guidelines are adhered to and maintain complete and accurate records associated with the technical and preventative aspects of this position
- Participate in post-event failure analysis and root cause discussions to develop solutions
- Operate company-provided equipment in a safe manner
- Build practices and procedures for repairs and implement approved modifications for the heavy equipment and auxiliary fleet

We'd like to review your application if you have: Must-haves (minimum requirements):

- Two years of post-apprenticeship experience maintaining mining heavy equipment
- Experience with Caterpillar (CAT) auxiliary equipment, Komatsu haul trucks, Hitachi shovels and P&H 4100 shovels
- A Valid Alberta Journeyman Heavy Equipment Technician (Off Road) Certificate or an Interprovincial Red Seal Journeyman Heavy Duty Equipment Mechanic/Heavy Equipment Technician (Off Road) Certificate
- Superior mechanical aptitude and proven troubleshooting skills
- Proficiency with computers to retrieve data for equipment maintenance
- Motivation, initiative and a strong work ethic
- A High School Diploma or General Education Diploma (GED)
- A valid driver's licence and a clean driving record
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- Experience with SAP

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our camp-based Fort Hills mining site, located in Alberta's Athabasca region, 90 kilometres north of Fort McMurray, Alberta
- The shift schedule is a seven days on/seven days off rotation (seven days on, seven days off, seven nights on, seven nights off; 12-hour shifts)
- You are able to perform some heavy lifting, use ladders and work on elevated work sites such as scaffolds and towers to perform tasks both indoor and outdoor as well as within confined spaces
- This position is safety sensitive
