

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 27792

Why you should join us: Are you ready to embark on your career as an Engineer? We believe our Engineer-in-Training (EIT) program within our Mine Engineering group in Fort McMurray has best-in-class mentorship and development opportunities and we are looking to hire great people like you! We have several positions available for permanent hire where you will move through 2-4 different rotations over the course of 3-4 years on your journey to become a PEng. Our EITs work on the development of the Millennium and North Steepbank mines which combined, produce over 1 million tonnes per day. Our operation is innovative, and ever changing with initiatives such as autonomous haulage and Permanent Aquatic Storage Structure (PASS) tailings treatment technology leading the way into the future. SAP:ENG You will use your expertise to:

- Perform tasks ranging from crafting a quarterly rolling plan for the mine operations group to breaking the quarterly plan into weekly tasks
- Provide the yearly budget outlook for the mine
- Plan for our tailings operations which is split between mining and processing in concept
- Plan for the reclamation and sustainability of our operations
- Assist in project management for large operating projects such as large earth dams, road construction or civil construction projects which require strict budgeting and timelines
- Take on technical work in dispatch, reporting, optimizing, field studies for growing efficiency and continuing the feedback loop with operations
- Provide technical planning for our autonomous operation

We'd like to review your application if you have: Must-haves (minimum requirements):

- A Bachelor's of Science or Bachelor's of Engineering degree in Mining, Civil, Geological or Environmental
- Be eligible for membership with the Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGA)
- A valid driver's licence and a clean driving record
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing
- Collaboration skills that enable you to build strong, positive relationships with diverse groups

- The ability to anticipate potential problems and check for out-of-the-ordinary conditions, as well as having a strong sense of accountability
- A continuous improvement mindset and are able to seek greater knowledge and understanding of the systems, process and hazards in the workplace

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Base Mine in Fort McMurray, Alberta
- Hours of work are a regular 40-hour work week, Monday to Friday, with the potential to transition to shift based work depending on business needs
- If you reside outside of Fort McMurray, relocation of your primary residence to within 60 km of Fort McMurray is mandatory. Relocation support will be provided; we offer highly competitive housing assistance to eligible individuals
