

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Calgary, Alberta (CA-AB)

JOB NUMBER: 29317 Why you should join us: Do you have strong reporting and analytical skills combined with the ability to summarize data and extract a concise message? In this role, you will be responsible for monthly financial support, stewardship and planning for the Digital and Enterprise Technical (D&ET) team. You will use your expertise to: Effectively communicate financial performance, strategies and drivers to our stakeholders in leadership and finance, and assist with preparation and development of monthly performance management reports for them. Perform quantitative and qualitative analysis and clearly communicate findings. Interpret and translate complex issues and present the information to a non-technical audience. Coordinate and deliver monthly forecasts, budget and business planning deliverables presented to senior leaders. Design and implement improvements in performance reporting, planning processes and deliverables. Provide direction and mentorship to junior staff and team members. Lead project support as required and respond to ad hoc queries. Maintain current knowledge of industry and market dynamics.

We'd like to review your application if you have: Must-haves (minimum requirements): Seven or more years of relevant analytical experience. A Bachelor's degree in business, accounting, economics, engineering, or other relevant education. Financial designation (CPA, CFA, or CA). Proficient in Excel, and Microsoft Office. Strong communication and social skills with the ability to build positive relationships. A proactive non-authoritative leadership style and the ability to influence, persuade and facilitate change. A solid understanding and comfort with financial and accounting principles. Proven analytical skills combined with high level of intellectual curiosity and capacity to communicate complex information into meaningful insights. The ability to manage multiple tasks and priorities in a team-based environment that must deliver results within fixed reporting deadlines. Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing. Preference for: A solid understanding of maintenance cost flow structure and performance. Experience and understanding of SAP, and Microsoft Power BI. Demonstrated continuous improvement mindset.

Where you'll be working, your work schedule, and other meaningful information: You will work out of our Calgary head office, located in the Suncor Energy Centre at 150 & 6th Ave S.W. Hours of work are a regular 40-hour work week, Monday to Friday, with the potential for extended work hours based on business needs. Open-concept work environment.

Why Suncor? We are Canada's leading integrated energy company with a business portfolio that includes oil sands development and upgrading, offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. Our global presence offers rewarding opportunities for you to learn, contribute, and grow in a variety of career-building positions. We live by the value of safety above all else; do it safely, or don't do it. Our strong track record of growth and a focus on sustainability mean tremendous potential for the future. Learn about our mission, vision and values. In addition to rewarding job opportunities, we offer an attractive employee package, including:

- Competitive base salary, compensation programs, and an annual incentive program
- Flexible benefits package
- Rewarding pension and savings plans

Stay connected to us:
