

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Calgary, Alberta (CA-AB)

JOB NUMBER: 29254 Why you should join us: If you are someone who can think out of the box, challenge the status quo, bring a forward-thinking, intelligent and innovative way to address issues and provide solutions, then we have a phenomenal opportunity for you. Working closely with key stakeholders and senior leaders from across the Business Units and Functions, and in collaboration with enterprise Digital Strategic Advisory Business Partners, Enterprise Architecture, the Director of Digital Strategy, you will facilitate strategic discussions to co-ordinate the development of digital, business and process strategies. This position is accountable for supporting the development of capability roadmaps for Business Units and Functions that will drive Suncor's Transformation. This is a valuable development role for future leaders to build relevant thinking skills, leadership capabilities and broaden exposure to the overall business and integration with our company. You will use your expertise to: Facilitate discussions with businesses partners to understand strategic goals, priorities and business requirements, and support enterprise architecture in the translation of business requirements into capabilities and initiatives Understand corporate strategy, priorities and value drivers and operational strategy of different business units across the organization Support the development of the Digital and E-Tech strategy to advance the transformation and/or continuous improvement of the function to meet budget and strategic goals Assist in developing the Budget and the Long Range Plan (LRP), as well as supporting governance (scorecard, goals development, stewardship reporting, monitoring of progress against plan, etc.) Monitor technology trends and understand the implications to Suncor's Technology environment and strategy, and implications to Digital and E-Tech's operating model; assess innovation opportunities to evaluate for applicability Understand external industry market factors, opportunities and challenges and provide assessment of internal strength and weaknesses

We'd like to review your application if you have: Must-haves (minimum requirements): Eight years of similar experience with people leadership accountabilities, and combined experience in an IT, technical and business role Undergraduate degree and relevant professional experience in the field of Business, Economics, Computer Science/IT or similar discipline Advanced corporate strategy and financial management skills, you have a strong understanding of investment portfolio management, you can stress-test business case assumptions, and you can build complex financial modeling models Strong influencing, persuasion and facilitation skills combined with excellent written and verbal communication Conceptual thinking skills; you are convergent as well as divergent, and you focus efforts on significant value and strategic importance, uncovering fundamental insights which can reframe a decision or recommendation Outstanding analytical and critical thinking skills Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for: An MBA or equivalent post graduate degree Previous strategy and/or business transformation experience Oil and Gas Industry experience

Where you'll be working, your work schedule, and other meaningful information: You will work out of our Calgary head office, located in the Suncor Energy Centre at 150 – 6th Ave S.W. Hours of work are a regular 40-hour work week, Monday to Friday

Why Suncor We are Canada's leading integrated energy company with a business portfolio that includes oil sands development and upgrading, offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. Our global presence offers rewarding opportunities for you to learn, contribute, and grow in a variety of career-building positions. We live by the value of safety above all else – do it safely, or don't do it. Our strong track record of growth and a focus on sustainability mean tremendous potential for the future. Learn about our mission, vision and values. In addition to rewarding job opportunities, we offer an attractive employee package, including:

- Competitive base salary, compensation programs, and an annual incentive program
- Flexible benefits package
- Rewarding pension and savings plans
