

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Aviation Maintenance Engineer Reference Code: 58675

Location: Canada (CA) - Calgary, AB Job Category: Aviation Employment Type: Employee Full-time Relocation Eligibility: This position is not eligible for our relocation program Application Deadline: 05/22/2019 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. Opportunity TC Energy is seeking an Aircraft Maintenance Engineer who will provide full cycle maintenance activities to our fleet of Dassault Falcon 2000EX-easy, Gulfstream G-150 and ensure all work is in accordance with the requirements of the Canadian Aviation Regulations, Company Maintenance & Control Manual and the Aircraft/Engine Manufacturers. This position is based out of Calgary Alberta, reporting to the Chief Engineer, Corp Aviation. What you'll do

- Maintain, repair, inspect, clean and troubleshoot standard maintenance problems of company aircraft and their related subcomponents
- Certifies airworthiness and releases aircraft for flight, subject to approval of Senior Aircraft Engineer/Inspector
- Maintain current certification for authority of license through recurrent training, which is paid by TransCanada
- Assume all technical and legal responsibility for maintenance completed, by signing a release statement for maintenance completed
- Ensures that all work is in compliance with pertinent aircraft service bulletins, airworthiness directives and manual revisions
- Other tasks as required.

Minimum Qualifications

- Graduate of a recognized Aircraft Technical Institution
- Holds an M2 AME license
- Minimum of 10 years industry experience with at least 3 on business jets.

Preferred Qualifications

- Strong interpersonal skills, written and oral communication skills
- A commitment to Health, Safety and environment
- Ability to work independently with minimal direction
- Strong abilities to manage multiple priorities
- Versatility in completing tasks in preventive maintenance and repairs
- Flexible work schedule with some travel
- Strong computer skills for both office and aircraft systems.

*This position requires candidates to:

- Have and maintain a valid driver's license and valid Canadian Passport
- Provide a driver's abstract for review
- Successfully complete a pre-employment medical screening, including drug and alcohol testing.

Apply now! Apply to this posting by 05/22/2019 using reference code 58675. You must apply through our jobs system at jobs.tcenergy.com.

Only applications submitted through our system will be acknowledged. Use a desktop or laptop computer to avoid system errors. TC Energy is an equal opportunity employer and participates in the E-Verify program supervised by the U.S. government.
