

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Assistant Deputy Minister, Regional Operations Division – North Area
Ministry of Forests, Lands, Natural Resource Operations and Rural Development
Prince George, Fort St John or Smithers

We are seeking a leader in natural resource management to achieve regional and provincial operations outcomes, accountabilities and deliverables. The Ministry of Forests, Lands, Natural Resource Operations and Rural Development is the Province's land manager, responsible for stewardship of Provincial Crown land, cultural and natural resources. The North Area encompasses the Northeast, Omineca and Skeena Regions and covers the northern half of the province. A significant part of the area is remote wilderness, with few roads and scattered communities; most of the population is located along Highways 16 and 97. The North Area is experiencing change in its ecosystems, local economies and communities. These changes influence the environment, and can bring economic opportunity as well as the potential for significant changes to the workforce, infrastructure, and communities that support them.

The Assistant Deputy Minister, Regional Operations Division – North Area leads the strategic planning to deliver on the Division's mandate within the context of the Ministry's overall mandate and plan. The ADM is responsible for overall leadership of the north area, with primary accountabilities for the access to and management of land and resources, including licensing, permitting, monitoring, reporting, stewardship management, research, treatment, protection and other operational activities. The position leads First Nations engagement, collaboration and consultation on resource development agreements and land use initiatives.

Qualifications for this role include post-secondary education; extensive experience providing strategic and business leadership; an understanding of the challenges, complexities and issues inherent in stewardship; and, a record of success in a public profile position dealing with Ministers, senior government officials, the media, and a variety of stakeholder groups.

Success in this role involves the ability to work in a changing environment which requires both strategic thinking and strong management and leadership skills. You are an articulate, dynamic, self-directed and problem-solving leader. You must be able to translate political and policy direction into action using positive working relationships both inside and outside government. Candidates must maintain a record of success as a leader who establishes goals, accomplishes change, develops people and teams, builds relationships, solves problems, and ensures accountability.
