

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company TC Energy

Location Ile des Chenes, MB

Date Posted From: 2019-07-12 To: 2050-01-01

Job Type: Full-time Category: Resource Sector

Description

Pipeline Technician Reference Code: 59158

Location: Canada (CA) - Ile des Chenes, MB Job Category: Operations;

Trades/Technical Employment Type: Employee Full-time Relocation Eligibility: This position is eligible for our domestic relocation program Application Deadline: 07/29/2019 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. The opportunity Our Central Region Pipeline team is evolving to meet the needs of our growing business and we are expanding our presence in Ile des Chenes, Manitoba to support the Canadian Natural Gas Pipelines business, spanning more than 14,000 km from Northwestern Alberta to Northwestern Ontario. You'll apply your mechanical and technical skills to keep our natural gas compressor stations, measurement stations, and pipeline sites running smoothly. Reporting to the Central Region Pipeline Manager, you will be a member of a dynamic, multi-skilled team that takes pride in successfully achieving safe and reliable performance of this area's equipment. What you'll do

- Ensure facilities and personnel comply with TransCanada's safety, health, environment and risk standards
- Perform inspections related to valve servicing, troubleshooting and repair
- Assist with all aspects of pipeline isolation and gas handling
- Support various tasks associated with inline inspection
- Perform basic One Call line locates
- Assist with all types of Line Crossings (foreign or seismic) of TC Energy Pipe Assets
- Identify encroachment issues
- Other duties as assigned

Minimum Qualifications

- Excellent work safety record and a safe work attitude
- High school diploma (or equivalency) is required, completion of a diploma from a college or technical school is an asset
- Valid driver's license
- Planning and organization skills with the tenacity to see tasks to complete implementation
- Highly motivated and energetic with strong interpersonal skills
- Demonstrated effective written and verbal communication skills
- Collaborative in a team environment that includes shared responsibilities and independent execution of specific tasks

Preferred Qualifications

- Working towards a Technologist Diploma or Mechanical related Trade Certificate
- Proven mechanical aptitude
- Aptitude and desire for learning new software and computer systems

Work Schedule You may be required to travel to other locations for temporary work assignments, meetings, and training involving some overnight stays away from home. These roles are overtime eligible and will be part of an on-call rotating schedule, and is subject to call-out for emergency response. The regular work schedule will be:

- Week 1 - Monday to Thursday 9 hours / day; Friday is an 8 hour day
- Week 2 - Monday to Thursday 9 hours / day; Friday is a Regular Day Off (RDO)

About our business TC Energy is a leading energy infrastructure company in North America. We have three complementary businesses of natural gas pipelines, liquids (oil) pipelines, and power generation.
