

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Calgary, Alberta (CA-AB)

JOB NUMBER: 32082Why you should join us:Do you want to be part of a highly motivated and professional team tasked with credit risk management of marketing and trading activities for Supply Trading & Optimization (ST&O) and providing performance risk recommendations to the Supply Chain Management group (SCM) If you are excited to expand your skills, and delve into analysis on the financial position of counterparties, recommend credit limits to manage the collateral position of the company, this role may be for you!You will use your expertise to:

- Measure, monitor and mitigate Suncor's credit and performance risk for the STO and SCM business
- Ensure that credit documents are in place and provide the maximum amount of credit protection available
- Build strong relationships with the STO and SCM teams
- Provide consistent and proficient back up to members of the Credit Risk Management team in reporting and completion of credit reviews
- Maintain a strong network of credit professionals and corporate finance professionals in the North American energy industry

We'd like to review your application if you have:Must-haves (minimum requirements):

- Three years of experience with risk management in the energy industry
- Bachelor of Finance Degree or related education
- Knowledge of energy industry and credit risk management
- Strong written and verbal communication skills
- Emerging industry network with both credit and risk professionals
- The ability to analyze complex sets of data, and problem solve independently
- A high level of intellectual curiosity for understanding credit and risk , finance, and commerce
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- Experience with credit risk management
 - An active pursuit of your Chartered Financial Analyst (CFA) designation
 - Detail orientation and the ability to demonstrate a high degree of accuracy
- Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Calgary head office, located in the Suncor Energy Centre at 150 & 6th Ave S.W.
- Hours of work are a regular 40-hour work week, Monday to Friday
- Flexibility in work hours required as a U.S. based holiday calendar is followed
