

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Job Type: Full-time

Category: Resource Sector

Description

Heavy Equipment OperatorReference Code: 60161

Location: Canada (CA) - North Bay, ON Job Category: OperationsEmployment Type: Employee

Full-timeRelocation Eligibility: This position is not eligible for our relocation programApplication

Deadline: 10/15/2019 We all need energy. It warms our homes, cooks our food, gives us light, and

gets us where we need to go. It also improves our quality of life in countless other ways. At TC

Energy, our job is to deliver that energy to millions of people who depend on it across North

America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility

and collaboration, we develop and operate our facilities safely, reliably and with care for our impact

on the environment. With our presence across the continent, our people play an active role in

building strong communities.We're proud of how our hard work and commitment sets us

apart and benefits society, every day. We're looking for new team members who share our

values and are ready to take on exciting challenges. The opportunityThis position is based in North

Bay Ontario and reports to the Construction Services East Team Leader. The position is

responsible for supporting pipeline construction activity primarily operating excavators, dozers,

loaders, pipe layers, boom trucks and transport trucks & trailers associated with pipeline

maintenance. The incumbent will often be performing these activities in close proximity to high

pressure pipelines and other energized facilities. This position requires frequent travel (90% of the

time) to support pipeline construction maintenance activities. Willingness to work a modified work

schedule (9 days on/5 days off). What you'll do

- Strictly adhere to workplace safety policies, regulations and internal operating procedures
- Communicate any unsafe conditions or accidents/injuries in a timely manner to the supervisor in order to facilitate prompt corrective action and reporting
- Report equipment or vehicle defects, accidents, traffic violations, or damage to the equipment upon immediate observation.
- Operate Equipment near and around above and below ground facilities
- Responsible for shipping, receiving, loading and unloading of construction materials and equipment for projects
- Perform routine daily pre-use inspections to ensure safe operability of all equipment.
- Perform minor maintenance activities such as equipment lubrication to ensure equipment is

maintained and is clean

- Assist team with pre-job planning of all ground disturbances to ensure safety and compliance of excavations.
- Assume the role of the excavation coordinator as it pertains to TC Energy operating procedures.
- Support the team in other general pipeline maintenance activities as required.

Minimum Qualifications

- High school diploma or equivalency is required (GED)
- Minimum 3 years' operating equipment (excavator, dozer, boom truck, pipe layers, loaders, fork lift etc.) Preferred experience working around hotlines
- Have a valid G driver's license,
- High degree of respect for safe work habits.
- Successful completion of technical tasks evaluations related to equipment being operated
- Ability to work effectively in a team environment while acting independently in the execution of pipeline maintenance.
- Ability to safely and effectively operate hand powered tools such as drills, grinders, etc.
- Ability to perform physically demanding mechanical duties as required
- Complete project documentation as required including JSA Forms, excavation checklists, etc
- Ability to read and interpret pipeline drawings, one call clearances and project specific drawings
- Strong planning and organization skills
- Willingness to learn and develop new skills and mentor other team members

Preferred Qualifications

- Pipeline construction industry experience including hands on "hotline" excavation experience is preferred
- Computer proficiency (Windows, Word, email)
- AZ license is an asset
- Hoisting certification is considered an asset (Mobile Br2)
- Working knowledge of high volume and high-pressure pumps used in pipeline hydrostatic testing activities
- Working knowledge of high volume/ high-pressure air compressors

This position requires candidates to:

- Supply driving abstract
- Successfully complete a pre-employment medical screening, including drug and alcohol testing
- Be subject to overtime, extended work hours and work weeks, and call-outs as needed
- Travel often (95%) to support construction activities in other company locations which will require overnight stays away from home and may be for long duration.
- Driving a motor vehicle is an essential job function of this position. Following a conditional offer of employment, the Company will check the motor vehicle records of any job applicant when driving is an essential job function.
