

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Manager, Operations Program - Liquids PipelinesReference Code: 60850

Location: Canada (CA) - Calgary, AB Job Category: ManagementEmployment Type: Employee

Full-timeRelocation Eligibility: This position is eligible for our domestic relocation programApplication

Deadline: 10/18/2019 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC

Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.Guided by our values of safety, integrity, responsibility

and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in

building strong communities.We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our

values and are ready to take on exciting challenges. The opportunityOur Liquids Pipeline Operations Engineering team is evolving to meet the needs of our growing business. As the Manager,

Operations Program Implementation, you will lead a team to deliver on our operational program.

Program planning and management will be key elements in contributing to the successful delivery of operational project programs. Providing both clear direction that aligns and evolved with the needs

of the business will be important success factors in this role. Ensuring deliverables are well defined, priorities and scope are diligently managed and field operations have adequate engagement will be

provided through your leadership in this role.As a leader, you will lead with our core values and continue to develop and implement opportunities for our staff and customers, to ensure the safe and

reliable operations of our systems and assets. What you'll do

- Lead a team to ensure that program planning and execution aligns with business units needs
- Oversee Field and Operations Engineers to optimize field operation support
- Develop team members and continuously increase team effectiveness
- Understand stakeholder needs and take actions for continuous improvement
- Collaborate to ensure business needs are prioritized and assessed appropriately
- Ensure projects are adequately planned for execution excellence
- Understand and manage program risks, cost and performance
- Track performance and provide accurate forecasting and variance explanations

- Ensure alignment between Commercial, Field Operations, Systems and Engineering

Minimum Qualifications

- Completed a post-secondary degree in engineering
- Ten (10) years of demonstrated related experience
- Financial acumen and budget development experience
- Proven leadership skills
- Demonstrated ability in collaboration, driving results, and leading change
- Align goals with strategic direction and achieving targeted business results
- Strong interpersonal and communication skills
- Ability to provide strategic direction for the team
- High ownership and track record of delivering on commitments

Preferred Qualifications

- Operations Experience
- Engineering Degree
- 5+ years of experience leading a team
- Positive attitude rooted in our core values of Safety, Integrity, Collaboration and Responsibility.
