

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. The Business Banking Technology team is seeking a Business Systems Analyst specializing in Salesforce, who will be responsible for ideation support, design, development, and implementation of software to ensure continuous improvement and evolution in the Business Banking Salesforce ecosystem. Is this role right for you? In this role you will:

- You will gather and refine specifications and requirements based on technical needs
- You will be directing day-to-day activities in a manner consistent with our risk culture and the relevant risk appetite statement and limits and communicate it throughout the team.
- You will create an environment in which your team pursues effective and efficient operations of their respective areas while ensuring the adequacy, adherence to and effectiveness of day-to-day business controls to meet obligations with respect to risk and compliance

- You will be creating software for Scotiabank Commercial Customers and Scotiabank Employees

Do you have the skills that will enable you to succeed in this role? We'd love to work with you if you have:

- You have an in-depth knowledge of Salesforce platforms and their functionalities (Financial Services Cloud, Service Cloud, Sales Cloud, etc.)
- You have extensive experience in gathering requirements for Salesforce features and functionality, including integration related work with Salesforce systems
- You have built/configured out-of-the-box features/functionality leveraging the full capabilities of the Salesforce platform
- You have hands on experience with Financial Services Cloud (e.g., user setup and management, page layout configuration, etc.)
- You participate in the planning/analysis of business requirements for system changes and enhancement
- You collaborate to identify business needs and translate them into technical solutions
- You remain current with Salesforce technologies and best practices
- You ensure availability of the Salesforce platform and resolve application issues
- You are an accredited Salesforce Administrator (Administrator or Advanced Administrator)

What's in it for you

- Diversity, Equity, Inclusion & Allyship- We strive to create an inclusive culture where every employee is empowered to reach their fullest potential, respected for who they are, and are embraced through bias-free practices and inclusive values across Scotiabank. We embrace diversity and provide opportunities for all employees to learn, grow & participate through our various Employee Resource Groups (ERGs) that span across diverse gender identities, ethnicity, race, age, ability & veterans.
