

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Requisition ID: 196387

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. The TeamWe are looking for a Test Automation Engineer to work with the Notification Services team in Scotia Digital, who can design and write test automation scripts for new or existing software. If you are an experienced software test Automation engineer with development mindset and commitment towards excellence in quality - this is the position for you! Is this role right for you

- Utilize standard test automation frameworks to design, build and maintain programs/scripts that run automated tests on code produced by the team
- Contribute to manual testing process in addition to automated testing
- Analyse and identify test scenarios to be automated
- Deliver requested automation scripts in an Agile model with efficiency and accuracy ensuring automation best practices.
- Continuously improve automated testing methodologies to enable QA SMEs to maximize test coverage of the full depth of enterprise product.

Do you have the skills that will enable you to succeed in this role

- 6+ years of experience in Test Automation using Selenium-Java.
- Experience in creating/maintaining automation BDD/TDD framework (Using Cucumber, Maven, TestNG)
- Hands on experience Automating mobile, web-based applications, and API web services
- Hands on experience using tools like SOAP UI, Postman, or something similar.
- Good knowledge on version control tools such as Git, Bitbucket.
- Good knowledge writing SQL/NoSQL queries.
- Experience with JIRA, Confluence, Xray and test management tool HP ALM.
- Very good knowledge on QA processes and hands-on experience of preparing testing artifacts such as test plan, strategy, Test cases, status reports.
- Well knowledge of Agile principles and the flexibility to adapt the experience to new and evolving environments
- Previous experiences in major Canadian bank considered as an asset, specifically web banking system is considered an asset
- Good Communication skills
- Ability to work as a team and independently
- Diversity, Equity, Inclusion & Allyship - We strive to create an inclusive culture where every employee is empowered to reach their fullest potential, respected for who they are, and are embraced through bias-free practices and inclusive values across Scotiabank. We embrace diversity and provide opportunities for all employee to learn, grow & participate through our various Employee Resource Groups (ERGs) that span across diverse gender identities, ethnicity, race, age, ability & veterans.

- Accessibility and Workplace Accommodations - We value the unique skills and experiences each individual brings to the Bank, and are committed to creating and maintaining an inclusive and accessible environment for everyone. Scotiabank continues to locate, remove and prevent barriers so that we can build a diverse and inclusive environment while meeting accessibility requirements.
- Upskilling through online courses, cross-functional development opportunities, and tuition assistance. 
- Competitive Rewards program including bonus, flexible vacation, personal, sick days and benefits will start on day one.
- Community Engagement - no matter where you choose to work from; we offer opportunities for community engagement & belonging with our various programs such as hackathons, contests, cooking with friends, Humans of Digital and much more!
