

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Requisition ID: 198686

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. The Role: Leads and oversees architecture for Global Compliance, Anti Money Laundering (AML) technology, ensuring strategies, plans and initiatives are executed in support of the team's business strategies and objectives. Ensures all activities conducted follow governing regulations, internal policies and procedures. Is this role right for you In this role you will:

- Work closely with delivery and engineering teams, product owners and technical platform teams to architect, design and develop Anti Money Laundering platforms and enable incremental delivery of new features to the platforms.
- Acts as a thought partner for senior leaders across Global Compliance, AML; within the context of strategic technology projects and on an ongoing basis
- Accountable for long term technology vision and technical innovations to maximize investment value across a wide range of applications and services
- Chair the AML Architecture review Board - ensure business initiatives are supported by robust solution design which meets the Bank's technology standards.
- Lead a wide range of technology strategy initiatives such as Applications rationalization, Cloud Migration, Legacy modernization.
- Ensures simplification of technology application landscape there by achieving efficiency gains in terms cost, revenue and resources while ensuring uncompromised delivery of business value to clients.
- Performing research and development to evaluate emerging technologies and their potential to redesign Global Compliance, AML platforms.
- Understand how the Bank's risk appetite and risk culture should be considered in day-to-day activities and decisions.
- Champion a high-performance environment and contribute to an inclusive work environment.

Do you have the skills that will enable you to succeed in this role We'd love to work with you if you have:

- Prior experience and deep knowledge within the technology domain is a must (e.g., software engineering, IT & Digital strategy, enterprise architecture, complex technology delivery, IT innovation)
- 7+ years of experience in Software Engineering Leadership, Software Architecture or Data Architecture is preferred.
- 3+ years of experience working in Financial Crime and/or Anti Money Laundering
- Knowledge and experience in modern technologies highly preferred, such as cloud platforms, microservices, mobile and web architectures, DevSecOps, and modern data platforms.
- Ability to deliver results in a fast-paced, challenging, and dynamic business environment.
- Superior interpersonal skills, leadership, and influential capabilities
- Self-motivated; work both independently and collaboratively with multi-functional teams, as both a leader and member.
- Good knowledge of the specific technology challenges relevant to Global Compliance, AML with a sound understanding of current trends and their implications for technology.
- Exceptional planning and analytical skills, ability to discern research information / data and focus on the critical business issues.
- Highly developed relationship management skills to effectively manage relationships across the Bank, partners, and

external vendors. Exceptional presentation and written communication skills.

What's in it for you

- We have an inclusive and collaborative working environment that encourages creativity, curiosity, and celebrates success!
- We provide you with the tools and technology needed to create beautiful customer experiences.
- You'll get to work with and learn from diverse industry leaders, who have hailed from top technology companies around the world.
- Onsite cafeteria.
- Dress codes don't apply here, being comfortable does.
- We offer a competitive total rewards package that includes a base salary, a performance bonus, company matching programs (pension & profit sharing), generous vacation, personal & sick days, personal development funding, maternity leave top-up, parental leave and much more.
