

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

We are committed to connecting Canadians through unique partnerships, our world-class network and content Canadians love and our innovative team is growing. We are looking for dedicated team members to join our Corporate team who have a genuine passion for making positive impacts on customers and the communities where we live and work. We have a variety of business units with exciting and meaningful work waiting for you, including Communications, HR, Legal and Corporate Affairs, Supply Chain, Finance, and Real Estate. If you are considering your next step, we have exciting opportunities waiting for you. Come build a rewarding career at Rogers and be a driving force behind our success story!

We currently have multiple Senior Financial Analyst opportunities that we're hiring for. In this role, you will play a pivotal role in driving the financial planning, analysis, and reporting functions within our organization. You will work closely with cross-functional teams, including finance, operations, and senior management, to provide valuable insights and recommendations to enhance our financial performance. Your expertise in financial modelling, forecasting, and data analysis will be crucial in identifying trends, risks, and opportunities to support informed decision-making.

What you'll do:

- Support the financial operations of the business through the preparation and review of month-end journal entries, forecasts, and budgets.
- Provide commentary on financial results and key business indicators and drive continuous improvement within the finance team.
- Participate in the organization's strategic planning process and maintain an understanding of industry trends, key business/cost drivers, and accounting policies.
- Develop and prepare weekly scorecard reporting for use by management and provide visibility into financial performance and operational measures through the preparation of monthly reporting packages.
- Conduct analysis on revenue trends, prepare month-end variance analysis and commentaries versus budget and forecasts, and identify risks and opportunities.
- Collaborate with key business partners and finance leadership teams, and communicate key trends, observations, and business impacts.
- Assist in business case development, financial modelling, and decision-making in support of strategic initiatives.

What you'll have:

- A University degree in a business-related field (Accounting or Finance preferred), with a professional accounting designation (CPA/CGA/CA/CMA) or MBA.
- 3-5 years of progressive financial experience.
- Strong technical accounting skills, with knowledge of IFRS 15 and other relevant standards.
- Advanced skills in Access, Excel, and PowerPoint.
- Excellent analytical, problem-solving, planning, and organizational skills.
- Comfort and confidence in dealing with senior leadership and the ability to work with minimal supervision in a fast-paced environment.
- Strong interpersonal, communication, and presentation skills, with a demonstrated history of engaging with leadership in both business and finance.
- Ability to manage multiple projects simultaneously and handle competing priorities under short timelines.
- Knowledge of Oracle Financial Systems and Hyperion/Essbase is an asset.

Current

Opportunities: We have vacancies in the following areas: the responsibilities include financial planning, budgeting, forecasting, and analysis to support strategic decision-making. In this role, you'll analyze financial data, create financial models, and provide insights to management to help optimize financial performance and achieve business objectives.

Controller: the duties include overseeing the accounting and financial reporting functions. You'll be responsible for financial statement preparation, internal controls, financial analysis, and compliance with accounting standards and regulatory requirements.

As part of the recruitment process, the selected candidate will be required to complete a background check which includes credit and criminal checks.
