

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

At Rogers, we value diversity and inclusivity and believe that every voice matters. Join us today and be a part of a team that is redefining the future of media.

We're looking for a **Part-Time TV Operations Floater** with TD to help us grow the Rogers Sports & Media brand and connect with our multicultural, diverse and wide audience and team partners through personalized communications and activities.

**What you will do:**

- Support our content creation team producing broadcast news, entertainment and sports, coordinating studio activities as required by the control room director in a live studio situation
- Operation of any control room systems such as Ross switchers, Ross OverDrive, Calrec 5.1 audio board, lighting controls, automation, and camera duties in a fast paced and exciting environment.
- Accountable to our internal customers, providing concise, clear communication whilst producing local and national content, while in constant communication with our customers and support teams to provide first in class service.
- Monitor performance of our internal network systems, identify and acting immediately on inconsistencies to provide solutions to fulfill requirements and provide opportunities for continuous improvement
- Continuously monitor integral systems, email and all communications in partnership with our in-house content production teams
- Maximize utilization of available resources for the ever-growing requirements of Rogers Sports and Media market leading content offerings, and liaise with management and engineering on all technical maintenance and repair related issues

**What you will bring:**

- A natural curiosity and drive to win
- A care for people and the world around them
- A digital-first and analytical mindset to navigate and succeed in daily challenges
- A passion for news, sports, and entertainment
- Strong analytical and technical skills to operate various broadcast control systems and peripherals.
- A multi-tasker who works in a fast paced, deadline driven environment

**Here's what you can expect in return:**

- A manager who deeply cares about your development and long-term career at Rogers
- Appropriate and comprehensive training for success to win as a team!
- A team that trusts and wants to win together
- As we grow our team, the well-being of our team members remains our top priority. To ensure the health and safety of our team members, including those in the recruitment

process, be assured that we are equipped to do so safely and effectively

- Shift: Variable
