

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	CEDA	
<b>Location</b>	Fort McMurray, Alberta	
<b>Date Posted</b>	From: 2019-12-20	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Engineering

### Description

All positions are in Fort McMurray. Shift work is a requirement with 14 on 7 off, 12+ hours per shift (days and nights). You are responsible for your housing in Fort McMurray and travel. Transportation from town to site is provided. Key

#### Duties & Responsibilities:

- Perform a wide variety of jobs using basic construction skills and/or operating some power equipment
- Drive on mining roads and around haul trucks
- Clean, prepare and maintain construction equipment and components
- Feed conveyors, crushers and other equipment
- Learn new skills every day and clean industrial materials from screen tanks using specialty tools
- Open valves and start pumps; sort, stack, bundle and stamp materials
- Transport raw materials, finished products, scrap and recyclable materials throughout plant manually or using forklift or other powered equipment
- Complete FLHAs, site permit requirements and follow safe work procedures
- Maintain a clean work area and equipment at all times
- Work as part of a team and follow direction from supervision
- You work hard - you're put to the test physically every day with labour intensive tasks
- Challenge your eye for detail, practice what we preach. Take your time, get the job done right the first time and safely every time

#### Experience

- 2+ years of labour experience in an industrial environment
- Class 5 valid driver's license (GDL is not accepted) with no more than 5 demerits in last 2 years
- Valid ECS CSO certification (or combination of CSTS-09 and OSSA Regional or BSO)
- We have great training and your ability to read and write will ensure you meet the testing requirements
- Previous experience around or operating heavy equipment, skid steers or small loaders is an asset
- MED or Pleasure Craft License would be considered an asset
- Able to provide a negative result on a pre-employment drug and alcohol test

#### Skills

- Strong mechanical aptitude
- Able to perform physically demanding work including climbing multiple flights of stairs and carrying equipment (able to lift up to 50 pounds on a regular basis)
- You are safety focused when it comes to people and equipment
- Able to work shift work (days/nights) for 12+ hours not including the travel time to site
- Able to work on and around open bodies of water
- Able to work outdoors in harsh weather conditions
- Participate and pass all training courses required by CEDA which require some computer literacy
- You're happiest working in a team, sharing a laugh with your coworkers and getting the job done safely

Who Loves This Job You change your own oil, enjoy the outdoors and are excited about learning new, transferable skills. The days are long and you have the winters off to enjoy the things you love. The above statements are intended to describe the general nature and level of work being performed. They are not intended to be an exhausted list of all

responsibilities, duties and skills required. To learn more, please also visit our page to view upcoming job fairs and events or follow us on Facebook.
