

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

About OICR

OICR is Ontario's cancer research institute. We bring together people from across the province and around the world to improve the lives of everyone affected by cancer. We take on the biggest challenges in cancer research and deliver real-world solutions to find cancer earlier and treat it more effectively. We are committed to helping people living with cancer, as well as future generations, live longer and healthier lives.

Launched in December 2005, OICR is an independent institute funded by the Government of Ontario through the Ministry of Colleges and Universities.

Job Details

Position: Student, Protein expression and purification

Location: MaRS Centre, Toronto

Department: Drug Discovery

Reports To: Senior Scientific Advisor

Salary: \$16.55 per Hour

Hours: 35 hours/week

Job Type: On-site

Status: Full-time, Temporary (4-month contract)

Position Summary

The Ontario Institute for Cancer Research (OICR) is seeking a summer student to join the protein production team in the Drug Discovery Program to work on various methods of expression and purification of cancer drug target proteins to accelerate development of new cancer drugs. The Drug Discovery Team helps translate the most promising ideas coming from Ontario's academic community into therapeutic benefits to cancer patients by identifying hits and lead molecules and optimizing them to potential drug candidates.

Based in Toronto, you will be a part of a dedicated team of scientists to identify and optimize new anti-cancer drug candidates using various protein production methods. You will also learn more about protein crystallization, protein characterization, and discovery of small molecule modulators of function of drug targets at early stage drug discovery.

This position is temporary, full-time for four (4) months beginning in May.

Position Responsibilities

Contribute to expression of proteins in E.coli, Sf9, and mammalian cells.

Contribute to employing various methods to purify proteins.

Contribute to performing quality control experiments in protein production.

Maintain an excellent record of generated data.

Communicate effectively with internal collaborators.

Adhere to all OICR safety guidelines and policies and act as a positive example to peers.

Qualifications

Currently enrolled in an undergraduate program.

Experience working in a lab.

Ability to work as part of the team through effectively communication with internal collaborators.

Knowledge of and ability to adhere to workplace safety guidelines and policies and act as a positive example to peers. For more information about OICR, please visit the website at www.oicr.on.ca.

OICR is committed to fostering a climate of equity, diversity, inclusion, and accessibility. This commitment is central to, and mutually supportive of, our research excellence mandate. We welcome and respect the diversity of all members of our community and we support an inclusive culture for all. We welcome all applicants, and encourage applications from racialized persons, Indigenous Peoples, women, persons with disabilities, LGBTQ2S persons, and others who may contribute to furthering a diversity of ideas within our community. OICR is committed to fair assessment of a candidate's abilities, and consideration for diversity of thought, method, and experience. Providing an accessible workplace and recruitment process is important to us, as described in our Accessibility Plan (<https://oicr.on.ca/accessibility/>). Should you require accommodation during any stage in the recruitment process, please complete the form at the bottom of page <https://oicr.on.ca/careers/>. Information received related to accommodation will be handled confidentially.

Resume Format: If you elect to apply, please click on the "Apply for this Job" button below. You will be required to enter contact details, and to attach your resume to your application. Please attach your resume as a .pdf or .doc file.

The Ontario Institute for Cancer Research thanks all applicants. However, only those under consideration will be contacted.
