

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Foremost Equipment LP is in need of Welders

Employment Terms: Full Time - Permanent

This position includes, but is not limited to production welding, service & repair welding, prototype building, tank and fitter welding. This position will work with Lead Hands, Charge Hands and Foremen to ensure continuous improvements using SMAW, MCAW, GMAW, FCAW and semi-automatic welding processes.

Duties and Responsibilities:

1. Read and interpret blueprints or welding process specifications
2. Operate manual or semi-automatic welding: gas metal arc welding (GMAW), flux-cored arc welding (FCAW), shield metal arc welding (SMAW), and metal core arc welding (MCAW)
3. Operate and maintain flame-cutting and plasma arc cutting equipment
4. Operate metal shaping machines such as brake, shears and hydraulic band saw
5. Monitor parts usage and report on any material issues
6. Maintain a working knowledge of changes in technology, compliance and repair techniques
7. Ensure compliance with Industry, Legislative, and corporate Safety policies and procedures
8. Assist in training and directing less trained personnel with work methods, work habits and performance
9. Recommend changes to improve quality and productions costs
10. Perform other related duties as required

Working Hours: 9-10 hours/day; shift will vary between days and nights from Monday to Sunday;

2-3 days off on varied days

Benefits: Extended Medical, Dental and Disability Insurance

Work Location: 5221 46 St, Stettler, AB, Canada T0C 2L0

Employment Requirements:

- CWB tickets considered an asset
- Safety training an asset but willing to train as required
- Highly flexible, with solid interpersonal skills and able to work effectively in a diverse, fast-paced Environment
- Must pass pre-employment physical demands and abilities assessment

### Experience

Minimum 2 years of experience is required; previous experience in tank fabrication is a definite asset

### Education Requirements

Completion of secondary school is required

### How to Apply

E-mail Resume

Must specify job title and location when applying

Email Address: [foremost.resume@gmail.com](mailto:foremost.resume@gmail.com)
