

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

McMaster University, in conjunction with Hamilton Health Sciences, is seeking an academic Trauma and Acute Care General Surgery surgeon. The Hamilton General Hospital serves as the regional Lead Trauma Hospital (i.e. Level 1) for a catchment area of more than 2.5 million residents and is the regional referral hospital for Neurosurgery and Stroke, Orthopedic Trauma, Cardiac Surgery, Extra-Corporeal Life Support, and Vascular Surgery. The Regional Trauma Service, together with the Department of Surgery, McMaster University, is involved in undergraduate, post-graduate and continuing medical education programs. The Department of Surgery endorses a Mission statement of six tenets and collectively pursues: Culture that is inclusive Research that impacts Education that inspires Advancement for all Transformation through innovation Excellence in patient care Please visit the CREATE website www.macsurgerycreates.ca for further information. The successful candidate is expected to demonstrate experience and training in General Surgery and in the management of Trauma and Acute Care General Surgery patients appropriate for an academic tertiary care level referral centre. They will be expected to participate in clinical care on the Trauma Service, Acute Care Surgery Service, and as a Trauma Team Leader. They will be expected to show evidence of exceptional interpersonal and collaborative skills with initiative to further advance the clinical and academic productivity of the regional Trauma Program, including local and regional educational and quality initiatives. A demonstrated record of commitment and success in research and surgical education is essential, as well as interest in supervision of trauma & acute care general surgery research projects completed by residents and fellows. This is a full-time faculty position for a period of three years (renewable) in the Department of Surgery, Faculty of Health Sciences, McMaster University. Applicants must be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada in General Surgery and have completed fellowship training in Trauma Surgery, with preference given to accredited fellowships. Preference will be given to candidates with advanced training in research, education, simulation, or quality initiatives including Master's/PhD or equivalent, including evidence of productivity and experience in these areas such as publications, presentations, and guideline development. The candidate must be eligible for licensure in the Province of Ontario. All qualified candidates are encouraged to apply. However, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada".
