

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company	McMaster University	
Location	Hamilton, ON	
Date Posted	From: 2024-06-12	To: 2050-01-01
Job	Type: Full-time	Category: Education

Description

Postdoctoral Fellowship in

Healthcare Service Delivery Applications are invited for a Postdoctoral Fellowship in the School of Nursing at McMaster University. This is a senior position within the lab, and the post-doctoral fellow will work closely with the Principal Investigator to complete a large, multi-year, case study (combining qualitative and quantitative data) to understand the experiences of South Asian care partners of older adults living with dementia and residing in multigenerational homes. Findings will inform the co-creation of future interventions to improve health service delivery for South Asian care partners and care recipients. Main duties and responsibilities

- The Fellow will gain leadership experience working with undergraduate, graduate trainees and in multiple, case study methodology including data collection (qualitative and quantitative), data analysis, and manuscript development.

- The Fellow will also be involved in community engagement, capacity building, and co-creating interventions and knowledge translation activities with the South Asian community. The Fellow will be responsible to work collaboratively with the nominated principal investigator (Dr. Pamela Baxter) and co-principal investigators (Dr. Monica Parry, and Dr. Marie Savundranayagam)

(Additional duties may be added as the project progresses. This is not an exhaustive list.) An ideal candidate would be an experienced researcher who has:

- Completed their Ph.D. in nursing or gerontology, or related field within the past 5 years

- Experience in both qualitative and quantitative research methods (ideally qualitative case study methods)

- An ability to understand and speak a variety of South Asian languages

- Experience in community engagement and patient-oriented research

- Experience coordinating or managing large research projects

- Knowledge and understanding of the research environment (Academic and other funding structures)

- Proven ability to produce academic papers and conference presentations Residence in the Greater Toronto Area as some of the research activities will be conducted face-to-face

The candidate will be expected to assist a team of multidisciplinary faculty members and support graduate trainees. They will receive support from McMaster Institute for Research in Aging (MIRA), as well as have access to a group of faculty members from across multiple faculties and departments. The candidate will engage in research and scholarship. A successful candidate will have the following skills and experience:

- Overseeing a large, qualitative multiple case study

- Preparing and coordinating ethics approvals

- Liaising with South Asian community collaborators and decision makers

- Recruitment, data collection and analysis (both qualitative and quantitative)

- Developing knowledge translation materials

- Co-designing interventions

- Preparing grant submissions and publications

- Strong organizational and communication skills Overseeing graduate students

Duration and Funding The term of the fellowship is one year (extendable to three). Local, national, and international applicants are welcome to apply. Selection will be based upon the candidate's research potential and alignment of their skills and experience with the needs of the research team and the School of Nursing. The salary is \$51,000

CAD/year with benefits. Please note: any extension of this Fellowship is subject to the candidate's assessment and availability of funds). How to Apply To apply submit a CV (Curriculum Vitae) and a cover letter which includes the name/contact information of 3 references to Dr. Pamela Baxter at baxterp@mcmaster.ca. Application materials should be submitted as a single PDF (preferred) or word document via email. Review of applications starts immediately. Start date for the position is negotiable but would ideally be September 2024. All qualified candidates are strongly encouraged to apply. However, those legally able to work in Canada will be given priority. McMaster University is consistently ranked as one of Canada's top research-intensive universities, and one of the top 100 universities in the world. The University is located on a scenic 300-acre campus in Hamilton, Ontario, which enjoys the reputation of being Canada's waterfall capital. Hamilton is a thriving, cosmopolitan city with a population of well over 500,000, and is located less than an hour from Toronto, and an hour from the Canada/US border.
