

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company	McMaster University	
Location	Hamilton, ON	
Date Posted	From: 2024-07-05	To: 2050-01-01
Job	Type: Full-time	Category: Education

Description

The Department of Pediatrics at McMaster University and McMaster Children's Hospital are seeking two (2) full-time academic physicians to join the Division of Pediatric Endocrinology; one at the Assistant Professor level, and the other at the Associate or Full Professor level. The Division of Endocrinology comprises 6.2 pediatric endocrinologists and an extensive and dedicated interprofessional team from nursing, nutrition, social work, child life, exercise physiology, kinesiology and psychology. The successful candidates will be in a position to advance division and departmental goals within clinical care, education innovation and scholarship, and/or research including clinical, basic, quality improvement, and health policy research. The primary role of the successful candidates will include clinics in General Endocrine and Transgender Medicine, Diabetes and Weight Management as well as participation in in-patient service and after-hours call. The successful candidates will share in the education responsibilities of the division, department and university, as they relate to the pediatric endocrinology residency training program and other learners whom the division hosts. This includes responsibilities such as academic half day teaching, facilitation of PBL sessions, academic coaching, assessment of learners, remediation plan development and execution, presentation at divisional and departmental rounds. Our pediatric endocrinology residency training program is accredited by the Royal College of Physicians and Surgeons and hosts an average of 4 trainees per year. This position will incorporate an academic appointment and salary will be commensurate with the experience and expertise of the applicant. We offer a collegial atmosphere, a unique academic environment, many collaborative research opportunities and the opportunity to work in a growing academic department with enthusiastic colleagues. McMaster University is internationally recognized for innovations in medical education and pioneering biomedical, epidemiological and health systems research. Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada, have demonstrated experience and recognized training in Pediatric Endocrinology, and must be licensed (or eligible for licensure) in the Province of Ontario. A relevant graduate degree at the Master's or PhD level would be an asset. Interested candidates should submit the documentation described below, on-line, by visiting our careers website at: <https://hr.mcmaster.ca/careers/current-opportunities/> Application packages should include:

- An up-to-date curriculum vitae and cover letter/letter of intent
- A description of training and research experience.
- Names and addresses of three professional referees.
- A statement describing any contributions made or planned in relation to: advancing equity, diversity, and inclusion, inclusive excellence in teaching, and research; service within higher education, community-based or other professional settings (2-page maximum)

Letters of reference are not required and will not be reviewed at the application stage; letters of recommendation from referees will be requested at later stages of the search process. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada
