

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Chair, Department of Electrical & Computer Engineering

Applications are invited for the position of Chair of the Department of Electrical and Computer Engineering, Faculty of Engineering, effective September 1, 2024, or as soon as possible thereafter.

Candidates with an appointment at the rank of Associate Professor or Professor at an academic institution will be considered. The expected term of appointment as Chair is five years and the appointment is renewable. The successful applicant will receive a tenured appointment at the rank of Associate Professor or Professor. The rank will be commensurate with the successful applicant's qualifications and experience in teaching and research.

Successful candidates must have completed a PhD degree in Electrical and Computer Engineering, or a relevant similar field. They need to provide evidence of excellence in research and impact through publications in high quality journals, and have an established, internationally recognized, externally-funded research program, with evidence of interdisciplinary collaboration. In addition, candidates must have an exceptional profile with respect to teaching and training of students at the undergraduate and graduate levels.

The selected candidate will demonstrate leadership and dedication in achieving the Department's and Faculty's academic goals, as well as address the Department's teaching, research and administrative responsibilities. Experience in facilitating, leading, and engaging a diverse faculty and staff complement is required. The successful candidate will possess excellent interpersonal and communication skills, provide strong evidence of being a community consensus builder, and be committed to the development of the careers of all faculty and staff members of the Department. The successful candidate will have or be eligible for registration as a Professional Engineer in Ontario.

The successful candidate should demonstrate: (i) a vision for the Department which is forward thinking and based on quality; (ii) a vision that takes advantage of existing strengths and seeks higher international esteem and excellence for the Department; and (iii) a plan on how to improve integration and collaboration across the Department.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

Information about the Department of Electrical and Computer Engineering can be found at

<https://www.eng.uwo.ca/departments-units/dean-office/strategic-plan/Engineering-Impact---Western-Engineerings-Strategic-Plan.pdf>

Applications should include (i) Application for Full-Time Faculty Position Form, (ii) CV, (iii) Letter of Interest/Statement of Academic Qualifications, (iv) Names and Contact Information for three references who can effectively discuss leadership experience and impact.

Applications should be sent to:

Dr. Kenneth S. Coley, Dean

Office of the Dean, Faculty of Engineering

Western University

London, Ontario, Canada N6A 5B9

Email: wedean@eng.uwo.ca

Consideration of applications will commence on June 1, 2024, and will continue until filled.

Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English.

The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups, Indigenous peoples, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression. In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact Human Resources at enghr@uwo.ca
