

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Employment Type: Student Internship

Position Description:

Location

- Remote across Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, Prince Edward Island, Saskatchewan, Northwest Territories, Nunavut and Yukon

Work term length

- Work terms that vary from 4 months - 12 months

Job description

You'll have the opportunity to grow capabilities and accelerate your development through our Indigenous Student Internship program, open to Indigenous post-secondary students across Canada. We are offering roles in business analysis, project management, software development and UX design. By joining the CGI Indigenous Student Internship program, you will have access to:

- Development opportunities that allow you to grow your capabilities
- A senior project partner who will be there to support and guide you
- 1:1 mentorship with a leader
- Networking opportunities with peers in our national co-op program
- Affinity groups such as the BAIM (Black, Asian, Indigenous & Minorities), Neurodiversity and more
- Working flexible hours depending on the project you are allocated to and as mutually agreed upon with your manager

We are looking for individuals who are interested in building a long-term career at CGI as there is a potential to join us permanently after the completion of your internship, depending on opportunities available.

Overview of Teams

When you join the Indigenous Student Internship program, you will have the opportunity to work with one of the teams mentioned below.

1) We're seeking talented individuals to join our team and support our digital transformation initiative within a federal government client. This exciting opportunity involves working on cutting-edge projects aimed at modernizing government services and infrastructure through innovative digital solutions. If you're passionate about driving positive change, leveraging technology to improve citizen experiences, and collaborating with a dynamic team, we want to hear from you. Join us in shaping the future of government services and making a meaningful impact in the lives of citizens across the nation.

2) CGI's Atlantic Business Unit with 4 offices in Atlantic Canada operates a global delivery center that provides services to financial services, insurance and public sector clients across the globe. You will have an opportunity to work on client projects within our diverse and inclusive environment that supports learning and development, mentorship and career exploration.

Position Descriptions

1) Junior Business Analyst

As a Junior Business Analyst you'll gather requirements, analyze processes, and collaborate with teams to implement digital solutions that enhance efficiency and service delivery. This is an opportunity to work alongside the team that is implementing a digital transformation project for one of CGI's federal government clients. It's a unique chance to gain hands-on experience driving impactful change in a complex environment.

2) Project Intern

As the Project Intern, you'll play a central role in ensuring the success of projects by facilitating communication, tracking timelines, and coordinating resources. Your responsibilities include assisting with documentation, reports, and presentations, while proactively identifying and mitigating risks. This role offers valuable experience in project management within a leading IT and business consulting organization, contributing directly to project success and client satisfaction.

3) Jr. Full Stack Java Developer

The Junior Full Stack Java Developer position offers an exciting opportunity for entry-level developers to dive into the world of full-stack development using Java technologies. Working closely with experienced developers and project teams, you'll have the chance to learn and grow your skills in Java programming, web development, and database management. Whether it's crafting user-friendly interfaces or optimizing database performance, you'll contribute to delivering high-quality solutions for CGI's clients. This role is ideal for passionate individuals eager to kickstart their careers in software development within a collaborative and supportive environment.

4) Jr. UX Designer

As a Junior UX Designer, you'll embark on an exciting journey to shape user experiences across various digital platforms and products. Collaborating closely with senior designers and project teams, you'll play a key role in creating intuitive and engaging user interfaces that meet both user needs and business objectives. This role offers an invaluable opportunity to learn and grow your skills in UX design methodologies, tools, and best practices while contributing to impactful projects for CGI's diverse clientele. If you're passionate about crafting seamless digital experiences and eager to make a meaningful impact, this role is the perfect launchpad for your UX design career.

National Wage Range Disclaimer

CGI is required by law in some jurisdictions to include a reasonable estimate of the compensation range for this role. The determination of this range includes various factors including but not limited to skill set level, geographic market, experience and training, and licensure and certifications. Compensation decisions are dependent on the facts and circumstances of each case. A reasonable estimate of the current range across Canada is \$22.50 - \$31.00 per hour.

Required qualifications to be successful in this role:

Eligibility Requirements

- To be eligible you must self-identify as an Indigenous Person (First Nations, Inuit, or Metis)
- Enrolled in a post-secondary program in Canada
- Legally entitled to work in Canada
- Ability to be granted an Enhanced level security clearance

Self-identification

At CGI, we grow and foster innovation for our stakeholders through inclusive actions that champion diversity, build bridges, and promote openness and collaboration. To ensure recruitment equity for this program, self-identification as Indigenous (First Nations, Metis or Inuit) is necessary.

What you can expect from us:

Together, as owners, let's turn meaningful insights into action.

Life at CGI is rooted in ownership, teamwork, respect and belonging. Here, you'll reach your full potential because...

You are invited to be an owner from day 1 as we work together to bring our Dream to life. That's why we call ourselves CGI Partners rather than employees. We benefit from our collective success and actively shape our company's strategy

and direction.

Your work creates value. You'll develop innovative solutions and build relationships with teammates and clients while accessing global capabilities to scale your ideas, embrace new opportunities, and benefit from expansive industry and technology expertise.

You'll shape your career by joining a company built to grow and last. You'll be supported by leaders who care about your health and well-being and provide you with opportunities to deepen your skills and broaden your horizons.

At CGI, we recognize the richness that diversity brings. We strive to create a work culture where all belong and collaborate with clients in building more inclusive communities. As an equal-opportunity employer, we want to empower all our members to succeed and grow. If you require an accommodation at any point during the recruitment process, please let us know. We will be happy to assist.

Come join our team-one of the largest IT and business consulting services firms in the world.
