

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

AGI Envirotank LP is in need of Welders

Employment Terms: Full Time - Permanent

AGI Envirotank LP is a leading manufacturer of steel storage tanks. We are currently seeking Production Welders with experience in a metal manufacturing shop.

Duties and Responsibilities:

1. Read and interpret welding blueprints, drawing specifications, manuals, and processes.
2. Operate manual or semi-automatic welding: gas metal arc welding (GMAW), shield metal arc welding (SMAW), submerged arc welding (SAW), and Flux-Cored arc welding (FCAW)
3. Operate and maintain flame-cutting and plasma arc cutting equipment
4. Operate metal shaping machines such as brake, shears and hydraulic band saw
5. Monitor parts usage and report on any material issues
6. Maintain a working knowledge of changes in technology, compliance and repair techniques
7. Ensure compliance with Industry, Legislative, and corporate Safety policies and procedures
8. Perform other related duties as required

Working Hours: Monday to Friday on the day shift from 7:00 AM to 3:30 PM; Monday to Thursday on the night shift from 4:00 PM to 2:30 AM; Some weekend may be required; 2 varied days off per week

Benefits: Dental, Vision Care, Disability Insurance, Extended Health Care, Life Insurance, RRSP match after 1 year of employment, On-site Parking

Work Locations: 401 Hwy 4 Biggar, Saskatchewan, Canada S0K 0M0

Employment Requirements:

- FCAW experience is a plus
- CWB certification is a plus
- Experience working in a tank manufacturing shop would be an asset
- Basic computer skill
- Applicant must be willing to relocate or reliably commute to Biggar, SK

### Experience

Minimum 2 years of experience with SAW, GMAW, and SMAW is required

### Education Requirements

Completion of secondary school is required

### How to Apply
