

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Flipp proudly invests in students looking to kick start their career through our Early Talent Program. Students not only have the opportunity to gain valuable work experience but also leave their mark.

TIMELINES FOR STUDENTS:

We have two different work streams; Non technical and Technical.

Non technical roles

- Marketing
- Content
- Finance
- External Partnerships
- People

Non technical roles begin in the Winter, Summer and Fall and last 4 to 8 months.

Technical roles

- Software Engineering
- Data Engineering
- Machine Learning
- Business Intelligence

Technical roles begin in May and last between 12 to 16 months.

Student Hires:

New Graduates

Recent graduates (1-2 years out of school) or upcoming graduates at the undergraduate or postgraduate level. Typically recruited for entry level positions.

Co-ops

Current students registered in an accredited cooperative program. Typically complete a 4-8 month work term

Interns

Current students, not enrolled in an accredited cooperative program. Typically complete a 4month work term over the summer only.

PEYs

Professional Experience Year, 3rd year Engineering students. Typically complete a 12 - 16 month work term.
