

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Closing Date (MM/DD/YYYY): 10/05/2025 Worker Type: Permanent Language(s) Required: English Salary Range (plus eligible to receive a performance based incentive, applicable to position) : \$92,310 - \$124,890 Strategic integrator and technical problem-solver wanted

Lead the implementation and optimization of enterprise-grade VoIP telephony solutions, including Microsoft Teams and TalkDesk, across diverse business environments.

Youâ€™ll collaborate cross-functionally to translate operational needs into scalable communication workflows. Plus, youâ€™ll champion technically advanced unified communications solutions, drive continuous improvement and ensure seamless user experiences in complex technical ecosystems. What youâ€™ll do:

- Facilitate collaboration with colleague and partners solve interesting and challenging issues
- Simplify processes for stakeholders
- Help resolve architectural issues
- Automate processes, customizations and upgrades

What weâ€™re looking for:

- Experience and advanced technical skills in areas such as networks, security, cloud architecture and application integrations.
- Multi-tasker who is comfortable on an autonomous, cross-functional, agile team
- Advanced problem-solver who can resolve complex problems independently

What youâ€™ll need:

- A bachelorâ€™s degree and at least four years of related experience (or equivalent combination of education and experience)
- Technical expertise in one or more of these areas: application development, networks, security, and cloud architecture

#FCCEN You belong here

At FCC, weâ€™re committed to creating an inclusive, equitable and accessible workplace â€“ one that reflects the communities where we live, work and play. Our team is made stronger through diversity, and weâ€™re dedicated to building a workforce that brings together a range of backgrounds, abilities and perspectives.

We encourage qualified applicants to apply, including members of these four employment equity groups:

â€• Indigenous Peoples

â€• Members of visible minority groups

â€• Persons with disabilities

â€• Women Accessibility and accommodations To support an inclusive and accessible candidate experience, we encourage anyone needing an adjustment or accommodation during any stage of the recruitment process to email us at: TalentSupplyRecherch@fcc-fac.ca. An HR partner will respond and work with applicants who request a reasonable accommodation. Information received in relation to accommodation requests will not impact hiring decisions.
