Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Launch your career â€" apply to be an FCC student employeeâ€¯

Bring your skills, enthusiasm and true self to FCC. It takes a strong team from a rich pool of backgrounds, abilities, strengths, and perspectives to best serve our customers and the Canadian agriculture and food industry.

Join the team responsible for designing, developing, testing and deploying code â€" and interpreting business requirements. Youâ€™ll learn from professional developers and get hands-on experience developing solutions, supporting user and automation testing, and implementing code fixes. â€¯â€¯

If youâ€™re a post-secondary student looking for work experience in your field, we want to hear from you!â€¯What you'll do
- Analyze and develop code including automation, integration and unit testsâ€¯â€¯

- Implement code fixes and support user testingâ€¯â€¯

- Build and execute automation testsâ€¯â€¯

- Ensure technical solutions are developed and maintained in the most efficient and effective mannerâ€¯â€¯
 What we're looking for
- A drive to learn and succeed

- A team-focused and collaborative approach

- Strong analytical and problem-solving skillsâ€¯

- Excellent communication and customer service abilitiesâ€¯

- Excellent initiative and proactive thinking skills
 What you'll need
- Enrolment in a program for a degree in computer science or software engineering

- Bilingualism (English and French) is an assetâ€¯â€¯

- Availability to work from May to August 2026

What you can expect
- Job shadowing and mentorship to grow your career

- Workshops and learning opportunities to build your skills

- Supportive place to share your ideas and enthusiasm

- Chance to work in the innovative Canadian agriculture and food industry

- Flexible hybrid work environment
You belong here
At FCC, we're committed to creating an inclusive, equitable and accessible workplace – one that reflects the communities where we live, work and play. Our team is made stronger through diversity, and we're dedicated to building a workforce that brings together a range of backgrounds, abilities and perspectives.

We encourage qualified applicants to apply, including members of these four employment equity groups:
• Indigenous Peoples
• Members of visible minority groups
• Persons with disabilities
• Women Accessibility and accommodations   To support an inclusive and accessible candidate experience, we encourage anyone needing an adjustment or accommodation during any stage of the recruitment process to email us at: TalentSupplyRecherch@fcc-fac.ca. An HR partner will respond and work with applicants who request a reasonable accommodation. Information received in relation to accommodation requests will not impact hiring decisions.
