

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Highlights of the job
Water Services, Wastewater Treatment Plant group has opportunities for up to two (2) permanent Tradesman (Dual Trade) to join the Gold Bar Wastewater Treatment Plant (WWTP) in Edmonton, AB. We are accepting applications from current EPCOR Employees as well as external candidates. EPCOR Employees please ensure you have used your "@epcor.com" email address. What you'd be responsible for
Reporting to the Manager, WWTP Maintenance Process, in the Tradesman (Dual Trade) role you are accountable for, but not limited to:
Applying investigative techniques to determine equipment & system process failures in order to define scope of work and minimize recurrence and downtime. Installing, repairing and maintaining mechanical processes and pumping equipment. Conducting basic mechanical checks, including inspections of fans, belts, filters and associated equipment. Examining and diagnosing equipment for excessive vibration, temperature and other abnormalities. Interpreting drawings, manufacturer's specifications and other data for the installation and repair of equipment. Creating, using, and maintaining technical history to support the development of job plans and task lists. Installing and maintaining hydraulic, pneumatic and specialty systems including heating, ventilating and air-conditioning equipment, chlorine systems and boilers. Other related duties as required.

What's required to be successful
Qualifications, experience and behaviours you will possess are:
Grade 12 diploma (GED or equivalent level of secondary education). Certified Journeyman status as a Millwright. If you have received your certification from outside of Alberta Red Seal Certification will be required. Single Trade Millwright candidates without a second relevant trade certification may be considered with extensive experience only and at a lower classification.

Second ticket must be one of the following: Welder, Heavy Duty Mechanic, Pipefitter, Gasfitter, Plumber, Machinist. Minimum of 3 years progressively responsible experience at a Journeyman level in the following: Industrial plant equipment commissioning. Maintenance. Breakdown analysis and repair. Refurbishment and related activities. Strong understanding of Preventative and Predictive Maintenance philosophies. Demonstrated proficiency in the repair and maintenance of pumps, motors, actuators and rotating equipment. Ability to read and understand blueprints, drawings, sketches and technical specifications pertaining to the work. Valid Class 5 Alberta Motor Vehicle Operators License Ability to qualify for and maintain an EPCOR driver's permit. A Driver Abstract (5yr. Commercial type) may be required if we do not have one on file. Limited to 6 demerits or less.

To meet the demands of the position, good physical health is required. Clearance on pre-placement medical and drug and alcohol testing may be required. Familiarity with the repair and maintenance of water and wastewater treatment equipment is a valuable asset.

As the successful candidate, you take ownership and demonstrate initiative by achieving objectives on schedule and to a defined standard. You have a keen attention to detail and are fully engaged and committed to making innovative improvements on an ongoing basis. You respond to change with an open attitude and demonstrate a willingness to learn new ways to accomplish your work and objectives. In addition, you collaborate well with others and are able to deliver results, plan and organize work and develop and meet schedules.
Health and safety are integral to EPCOR's work, and we strive to maintain a zero-injury organizational culture. As such, all candidates must possess a high level of safety awareness and demonstrate safe work practices at all times. Candidates will also be required to actively participate in safety and other job-related training.
