

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Ministry of Health

Vancouver, Victoria (Hybrid)

Flexible work options are available; this position may be able to work from home a few days a week subject to an approved telework agreement.

Senior Policy Analyst

\$83,313.83 - \$95,028.45 annually which includes a 3.3% Temporary Market Adjustment

The Primary Care Division sets the foundation for the delivery of high-quality health services by establishing patient-centered policy for the delivery of provincial health care. The division monitors quality assurance in the system, designs service delivery models that meet the needs of patients and works with service delivery partners on key actions and quality improvement initiatives.

The successful applicant will coordinate and lead the research, analysis, development and implementation of strategic policies and legislation for a significant ministry program.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

### Experience

Qualifications for this role include:

- Master's degree (preferred) in public administration, health administration, social sciences, business administration, or a related field and a minimum of three (3) years progressive, recent and related experience; OR
- Bachelor's degree in public administration, health administration, social sciences, business administration, or a related field and four (4) years progressive, recent and related experience; OR
- Diploma in public administration, health administration, social sciences, business administration, or a related field and five (5) years progressive, recent and related experience; OR
- An equivalent combination of education and six (6) years of progressive, recent and related experience.

Preference may be given to applicants with the following:

- Experience in the health sector or social science field.
- Applicants who identify as Indigenous (First Nations, Metis or Inuit).
