

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Position Description

CGI is looking for a SAP Process Orchestration (PO) lead specialized in integration to support CGI's customers in delivering complex integration scenarios, bringing in industry best practices and architectural governance around client projects.

Your future duties and responsibilities

As a SAP PO SME, you'll work as part of a team of problem solvers, helping to solve complex business issues from strategy to execution. Responsibilities include but are not limited to:

- Working with the customer to gather requirements and document them in the form of a Technical Design Document or Technical Specification
- Be responsible for all SAP PO projects of the practice
- Provide governance and support to local and offshore teams
- Participate globally and re-use/ develop locally thought leadership around use of SAP CPI
- Participate in business development activities (presentations, proposals, etc)
- Coach junior team members
- Act to resolve issues which prevent the team from working effectively
- Analyze complex ideas or proposals and build a range of meaningful recommendations
- Report delivery timelines, identify risks and provide mitigation strategies
- Provide Quality Assurance for objects developed by team members
- Work with customer EA and SA teams to understand customer environments and adhere to standard SAP development standards

Required qualifications to be successful in this role

- Certified SAP PO
- Knowledge of SAP PO upgrades and activities required to support upgrades and patching cycles
- Must have been engaged on at least three SAP PO implementations that required complex analysis, design, development and implementation skills
- Ability to decode complex integration scenarios and provide solutions to complex problems
- Proven experience in transcribing and transposing technical information into business language and vice versa

- Experienced in leading discussions with senior management
 - Knowledge of other integration tools like SAP CPI, BTP (integration suite), Dell Boomi will be an added advantage
 - Extensive knowledge and understanding of SAP PO solutions with demonstrated proficiency in developing complex integrations with SAP and Non-SAP Systems
 - Experience in consulting, designing, implementing and leading significant tracks on larger projects or leading medium sized SAP consulting engagements with SAP PO
- Strong SAP development experience would be considered an asset
- Proven track record of success as a team leader
 - Fluent in French and English would be an asset

Insights you can act on

While technology is at the heart of our clients' digital transformation, we understand that people are at the heart of business success.

When you join CGI, you become a trusted advisor, collaborating with colleagues and clients to bring forward actionable insights that deliver meaningful and sustainable outcomes. We call our employees "members" because they are CGI shareholders and owners and owners who enjoy working and growing together to build a company we are proud of. This has been our Dream since 1976, and it has brought us to where we are today - one of the world's largest independent providers of IT and business consulting services.

At CGI, we recognize the richness that diversity brings. We strive to create a work culture where all belong and collaborate with clients in building more inclusive communities. As an equal-opportunity employer, we want to empower all our members to succeed and grow. If you require an accommodation at any point during the recruitment process, please let us know. We will be happy to assist.

Ready to become part of our success story Join CGI - where your ideas and actions make a difference.
