

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Work Location: 1030 34 Ave SE, Calgary, AB T2G 1V4

Terms of Employment: Full-time, Permanent

Company Info:

Established in 1988 as a millwork manufacturer, HP Woodwork has since grown to become a leading expert in cabinet renovations. Whether you're looking to completely remodel your living space or make basic touch-ups, our state-of-the-art machinery and expert team can efficiently meet your design requirements. With a 35,000 square-foot facility and a team of skilled tradespeople, we can handle any project, big or small.

Job Duties:Â

1. Preparing and shaping wooden furniture and fixture parts using various woodworking tools such as saws, drills, routers, and sanders
2. Record information on each product inspected, including any defects found, corrective actions taken, and any other relevant details for quality control
3. Assemble different wooden or metal parts together to create subassemblies or complete furniture and fixtures
4. Have the ability to read and interpret technical drawings and blueprints to understand the specifications and requirements for each product
5. Reinforce assembled furniture and fixtures with dowels or other supports to ensure their strength and durability
6. Install hardware such as knobs, handles, and hinges to doors and drawers
7. Inspect subassemblies and finished products for any defects, damage, or inconsistencies ensuring that the final product meets quality standards
8. Mark defects or damages parts for repair is necessary to ensure the final product meets quality standards
9. Fix minor defects, adjust the fit of parts, and make modifications to ensure everything fits together correctly

Qualifications:

1. High school diploma or equivalent
2. Experience in a similar role is preferred, but not required. Training will be provided.
3. Strong attention to detail and accuracy
4. Ability to work independently or as part of a team
5. Ability to lift and carry heavy objects
6. Willingness to work in a fast-paced environment
