

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

The University of Waterloo School of Optometry & Vision Science, in the Faculty of Science, is seeking qualified applicants for a full-time position in the faculty category of clinical lecturer, in the area of Primary Care. Additional experience in specialty contact lens is desirable but not required. The position is a 3-year definite term with an option of future continuing appointment. The University Optometry Clinics include primary care and specialty clinics that encompass the full spectrum of the contemporary practice of optometry. The successful candidate will be passionate about teaching, clinical education, patient care, and the profession of optometry.

The successful candidate will have completed a residency or have 3 or more years of clinical experience. The expectation is to grow the School's primary care clinic. Assignments will include evenings, after-hours on-call services and some Saturday clinics.

The range of duties includes intern supervision, resident supervision, and direct patient care. Clinical lecturers are expected to participate in activities that contribute to the effective functioning of the School such as administrative duties and service on committees.

Applicants should be eligible for a general or an academic certificate of registration with the College of Optometrists of Ontario. Applicants would ideally be available to start by November 2021.

Salary is negotiable within a range of \$95,000 to \$120,000 commensurate with experience and qualifications.
