

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company	Canpotex Ltd	
Location	Saskatoon, Saskatchewan	
Date Posted	From: 2020-09-22	To: 2020-10-06
Job	Type: Full-time	Category: Information Technology
Languages	English	

Description

Canpotex is hiring a Business Information Developer (20 -23) to join the Business Information (BI) team in our Saskatoon office.

Canpotex is undergoing a digital transformation focused on people, processes and technologies. We are committed to delivering value through next generation technologies, in support of our global operations and enhanced user experiences. Transitioning to more cloud-based services, our system infrastructure and network environment is a hybrid of legacy and modern applications, deployed in virtual and physical environments.

What you will do:

- Design, develop, implement, install and test application software, reports, data warehousing and other computer related solutions using C# and other programming languages.
- Design, build, and maintain efficient and reliable C# code.
- Partner with departments as a subject matter expert and as a technical resource during projects.
- Participate as a team member in fully agile Scrum deliveries.
- Work with user and project teams to investigate, recommend, install, implement, and support new and existing applications.
- Provide advanced level Service Centre support and backup support as required.

What you will bring:

- Bachelor's degree in computer science or related field.
- Minimum three to five years' experience in software/technical development.
- Equivalent combination of education and experience may be considered.
- Experience with tools such as MS Visual Studio, C#.Net, .Net Core API, Entity Framework, Angular, SQL Server Reporting Services (SSRS), MS SQL Server Integration Services (SSIS) and DB2.

Who you are:

- Collaborative relationship builder who understands the importance of developing strong business relationships.
- Excellent listening, interpersonal, written, and oral communication skills.
- Critical thinker who thrives in a fast-paced environment.
- Demonstrates strong analytical and creative problem-solving skills to prioritize tasks and provide timely solutions.
- Ability to function as an effective member of a team environment; as well, work independently, prioritize tasks and provide timely solutions.

Who we are:

Canpotex is one of the world's largest suppliers of potash overseas. On behalf of our Shareholders, Mosaic and Nutrien, we market and deliver Saskatchewan potash, a valuable fertilizer nutrient, to millions of fields and farmers, helping the world grow more food.

How to Apply

We would like to hear from you!

Click Apply now! Please apply online by October 6, 2020.

We thank all candidates for applying; however, only those selected for an interview will be contacted.
