

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

The following statements are intended to describe the general nature and level of work performed. They are not representing an exhaustive list of all responsibilities, duties and skills required.

Bishop's University is seeking a Project Technician for a regular full-time position in the Buildings and Grounds department. Reporting to the Manager Capital Planning & Projects, the incumbent will be responsible for the technical aspect of projects such as designing, planning, executing, and overseeing projects for renovation of University buildings as well as the construction of new smaller buildings. The incumbent will also prepare cost estimates, tenders, quotes and operate the buildings' fire prevention systems. This position has a work week of 40 hours from Monday to Friday with occasional weekends and evenings required.

Nature of duties and responsibilities

- In consultation with professionals, conceive and elaborate, from observations and/or elements given or gathered personally, plans, tenders and specifications necessary for interior design or renovations and construction of small buildings (architecture, structure, fire prevention, etc.) while respecting established rules and regulations;
- Prepare preliminary and final estimates for projects (materials & labour); complete the necessary paperwork for loan requisites; requests for tender, etc, after consultation with concerned departments and services;
- Ensure that the work as well as materials, equipment, methods and procedures used on the worksite respect the approved plans and estimates; keeps updates of work progress and reports any delays to supervisor;
- Attend project meetings and prepare a summary for the supervisor;
- Maintains project documentation such as as-built drawings and specifications, shop drawings and makes them available to various departments and entities as required;
- Complete and update the registers or files related to the fire protection of mechanical and electrical systems and forward to appropriate trade personnel;
- Maintains the campus space utilization and assignment database and building plans;
- Analyze the nature, frequency and cost related to upkeep and repairs; discuss with professionals or trades personnel and suggest ways to minimize costs;
- Carry out or participate in verifications, trials, preliminary or final inspections in order to determine the work still to be done or corrections to be made before preliminary or final acceptance of project;
- Participate in general, with supervisor and professionals involved, to the planning, designing, control and surveillance of projects;
- Other tasks as required by supervisor.

Les enonces suivants sont destines a decrire la nature et le niveau de travail general. Ils ne representent pas une liste exhaustive de toutes les responsabilites, taches et aptitudes requises.
