

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Agriculture credit expertise required

Lead the high-performing team responsible for developing and delivering effective loan, lease and insurance products for the agriculture and food industry.

What youâ€™ll do:

- Evaluate and optimize the current product portfolio
- Identify new product development opportunities
- Direct development of national marketing and training programs
- Serve as a key point of contact and decision-maker with vendors to deliver lending and insurance products
- Build relationships with FCC internal partners to enhance and deliver products
- Coach and mentor the team including performance management, objective-setting and capacity planning

What weâ€™re looking for:

- Confident communicator with strong analytical skills who connects with all levels of leadership
- Proven collaborator able to connect and build business relationships
- Experienced leader passionate about helping others succeed
- Organizational expert who can manage multiple priorities
- Ability to engage effectively across a wide range of domains, from Credit to IT to vendor relationships

What youâ€™ll need:

- A bachelorâ€™s degree in a relevant field and at least eight years of experience (or an equivalent combination of education and experience); credit or product delivery experience is an asset
- Demonstrated ability to deliver results in a fast-paced, complex environment
- Background in agriculture or food
