

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Job number: R-1004417

Location: Regina, Saskatchewan

Closing date: December 4, 2022

Language(s) required: English

Worker Type: Term (Fixed Term)

Term Duration (in months): 16

Subject matter expertise required

- Complete complex analysis and apply your subject matter expertise to support the team responsible for sustainability programs.

What you'll do:

- Manage complex corporate-level, cross-divisional or single-division projects
- Make strategic, technical, or tactical recommendations to leaders
- Using acquired knowledge, subject matter expertise and/or your unique skill set, fulfil responsibilities pertaining to the project

What we're looking for:

- Strategic thinker comfortable making presentations to senior leaders
- Creative problem-solver who can think outside the box
- Multi-tasker with proven analytical ability
- Team player able to work in an agile environment and deal well with ambiguity

What you'll need:

- A bachelor's degree in business administration or commerce and at least four years of experience (or an equivalent combination of education and experience); project management certificate is an asset
- Experience building business cases, presentations and strategy documents
- In-depth understanding of project's subject matter
