

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Requisition ID: 133804

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. Purpose of Job: This position assists in the forecast of loan loss provisions for the international portfolios. The incumbent ensures the accuracy and integrity of the forecasting methodology and on-going compliance with IFRS and OSFI regulations. In addition, the incumbent supports current processes and documentation in order to satisfy Internal, External, and SOX audit requirements. This position requires experience in Finance and Retail Credit Risk. The individual must be results oriented with good technical knowledge, balanced by an intrinsic understanding of the business lines and environment. A minimum of 5 years of related working experience is required. Job Responsibilities: 1) Leads the divisional credit provisioning and portfolio evaluation process, ensuring ongoing adequacy of the international credit reserves. 2) Assists in the provisioning methodology (IFRS9) by validating information, running models, and ensuring the results obtained are as expected. 3) Ensures accuracy, integrity, validity and completeness of the information and models used for provision assessment under the IFRS 9 methodology. 4) Contributes to the internal and external audit process, including SOX controls and compliance with external regulations including OSFI and IFRS. 5) Maintains a high-level of customer service and satisfaction that is consistent with Global Risk Management & Retail Credit Risk and Scotiabank service standards. Job Requirements:

- Previous experience in consumer Retail Risk analytics such as predictive analytics and data mining.
- Prior loan loss provision and financial modelling would be an asset.
- Integrity, high attention to detail, thoroughness and accuracy are critical to ensure quality outputs.
- Good interpersonal and communication skills are essential in dealing with many senior internal and external stakeholders, as well as preparing reports for Executive Management.
- Good knowledge of SAS, SQL, Excel and database would be an asset.
- Solid organizational and time management skills to manage competing activities within short time frames.
- An undergraduate degree in a quantitative subject (economics/accounting/Finance/statistics). A professional designation (such as CFA, CMA or CA) would be considered a plus.
