

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Requisition ID: 136160

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. As a member of the Digital Product Team, you will develop and support the vision, strategy and roadmap of key digital service journeys to meet the needs of our customers. You will partner with our business lines, technology, and design teams to deliver exceptional customer journeys and build digital products that are intuitive and convenient. You will understand the significance of legal, privacy, AML, security and other control functions, while always negotiating and pushing for the benefit of great customer experiences & high business value. As a Senior Product Manager, Green Banking you will be a part of the Scotia Digital team that delivers digital financial journeys on mobile and desktop.

Is this role right for you You will:

- Lead problem discovery to understand customer needs, current challenges and work closely with design and engineering partners to come up with solutions
- Build and own the product roadmap
- Establish clear OKRs for your product area and work with analytics team to measure and analyze KPIs
- Use data to drive decisions. Build hypothesis, test & iterate to formulate an agile product development approach
- Maintain a prioritized the backlog, write detailed user stories and participate in refinement, sprint planning & review activities.
- Engage day-to-day with the scrum teams, clarifying questions and helping with decision making
- Establish a close relationship with the business stakeholders to ensure their requirements are translated into the right products.
- Manage expectations with effective communication with the aim of delivering digital products that our customers love

Do you have the skills that will enable you to succeed in this role

- Curious and experimental mindset to drive innovation amidst uncertainty and ambiguity
- You're comfortable leading products from zero to one
- Intrapreneurial and self-directed in your work
- Passionate about defining and solving problems, critical thinking
- Startup experience (an asset, but not required)
- Creative and analytical problem solving skills
- Excellent oral and written communication
- Ability to research and synthesize insights
- Experience in highly collaborative team environments
- 5+ years of work experience in product management, consulting, or other technology roles (an asset but not required)
- Bachelor's or higher (graduate) university degree (MBA an asset)
- You're comfortable leading, working with, and coaching cross-functional teams in the discovery and diagnosis of root causes of customer and business problems and in generating ideas to help solve them
- You would like to deepen your understanding of digital banking solutions in the financial services industry and how they drive to desired customer and business outcomes
- You're Outcome-focused when it comes to measurement and communication, combining data and narrative to tell a compelling story of the customer and business benefits of digital banking
- You're keen to foster an inclusive product community where team members can learn, grow, and do their best work

What's in it for you

- We have an inclusive and collaborative working environment that encourages creativity and curiosity and celebrates success!
- We provide you with the tools and technology needed to create meaningful customer experiences
- You'll get to work with and learn from diverse industry leaders, who have hailed from top technology companies around the world
- We hire you for your talent; not just a job; so you can grow with us. We'll equip you for success not only in your role, but also in your career as a whole
- Dress codes don't apply here: being comfortable does
- Our work from home social channel offers weekly virtual yoga, social events, learning opportunities, and contests to share current experiences & promote wellbeing in our new remote environment
- Access to thousands of online and in-person courses so you can hone your current skills, or learn new ones
- A competitive rewards package that includes a base salary, a performance bonus, company matching programs on pension and profit sharing, paid vacation, personal & sick days, medical, vision, and dental benefits that start from day one and much more!

- Free shuttle service to and from Union Station, onsite subsidized cafeteria with a chef, and an onsite fitness center *

*Some of our perks & onsite offerings will be offline as we continue to monitor federal and provincial regulations around COVID-19.

Location(s): Canada : Ontario : Toronto
