

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Research Chair - Paul Charette Sustainable Construction Manitoba

School of Skilled Trades and Technologies

Position Location: Notre Dame Campus (Winnipeg, MB)

Full-Time Position Available

An eligibility list may be created for similar casual, part-time, full-time, and term positions

Red River College is a leader in applied learning and innovation. Our talented team of employees is passionate about education, innovation and student success. We offer competitive salaries, extensive benefits, and the opportunity for personal and professional growth in a rewarding career.

Duties: Red River College is seeking an Applied Research Chair in Sustainable Construction to lead, grow and support applied research within the School of Skilled Trades and Technologies (SSTT), including SSTT-related activities within the Centre for Applied Research in Sustainable Infrastructure (CARSI) and the Building Envelope Technology Access Centre (BETAC).

The Applied Research Chair will contribute significantly by connecting applied research with student learning in the SSTT, while helping the construction community to develop innovative processes, technologies and applications to reduce costs, boost productivity and create more sustainable infrastructure.

The incumbent will be responsible for leading school-based applied research activities and will develop new strategic and client-supported applied research programs and projects, with a primary focus on sustainable construction. Responsibilities will include proposal development (including seeking and securing funding), interaction with clients/partners, negotiation of agreements, research project management and technology diffusion and transfer to industry and other community members - including outreach to build regional clusters to help the local community develop innovative processes, technologies and applications.

### REQUIRED QUALIFICATIONS

- Master's degree in a related field. An equivalent combination of education, training and experience may be considered
- Experience in performing and/or leading research and experimental development activities
- Excellent communication and interpersonal skills

- Project management experience
- Knowledge of intellectual property and knowledge translation practices
- Ability to develop and lead an applied research strategy and enterprise
- Experience with developing proposals and manage/administer applied research grants and contracts
- Manage and/or oversee research-related financial accounts, activities and deliverables
- Ability to prepare and maintain appropriate applied research records and reports
- Establish and/or strengthen applied research partnerships and networks within the community, especially with the private sector, as well as research-based organizations
- Ability to develop and lead a proactive applied research outreach program; including internal (College) audiences
- Work independently to meet corporate objectives and research program and project goals, report regularly to the Dean and seek guidance on college policy matters, as required
- Significant experience with Microsoft Office applications
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

#### ASSET QUALIFICATIONS

- Experience working in a post-secondary institution
- Experience with provincial and federal applied research funding programs for colleges
- Eligible for professional registration with Engineers Geoscientists Manitoba and/or Certified Technicians and Technologists Association of Manitoba

#### CONDITIONS OF EMPLOYMENT

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and/or weekends
- This position may be required to travel
- Incumbent must provide a current and satisfactory Criminal Records Check

#### How to Apply

Applicants are to clearly demonstrate how they satisfy the selection criteria in their written submissions and must identify the competition number they are applying for in the subject line of the email

Apply to Red River College by email: [humanresources@rrc.ca](mailto:humanresources@rrc.ca)

An eligibility list may be created for similar casual, part-time, full-time, and term positions

We seek diversity in our workplace. Aboriginal persons, women, visible minorities and individuals with disabilities are encouraged to apply.

Competition #: 2019-254

Closing Date: October 31, 2019

Salary: \$85,393 - 111,020 per annum

0

We thank all applicants for their interest, but only those selected for an interview will be contacted.

Red River College provides accommodations to applicants with disabilities throughout the hiring process. If an applicant requires accommodation during the application or selection process, Human Resource Services will work with the applicant to meet the accommodation needs.
