

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Requisition ID: 153522

Join a purpose driven winning team, committed to results, in an inclusive and high-performing culture. As a Digital Product Manager on the Web Modernization team, you will play a key role in driving the strategy and execution of initiatives for Digital Banking in Canada. You will partner with technology & design teams, control functions, and business lines to deliver the optimal customer experience and to drive business objectives. Is this role right for you

- Champions a customer focused culture to deepen client relationships and leverage broader Bank relationships, systems and knowledge.
- Leads backlog grooming sessions for multiple products and creates user stories which the engineering team can build.
- Define clear outcomes and goals for each initiative with associated KPIs/Metrics to ensure success and alignment with the overall vision and strategy; define the "What"; and the "Why"; as part of problem discovery.
- Coordinates product releases and publishes release notes to partners ensuring all key stakeholders are kept informed of the changes in a release.
- Effectively manage relationships with business lines and support areas in order to identify/respond and understand their ongoing needs and ensure that the strategic direction aligns with the direction for Scotia Digital.
- Understand how the Bank's risk appetite and risk culture should be considered in day-to-day activities and decisions.
- Actively pursues effective and efficient operations of his/her respective areas in accordance with Scotiabank's Values, its Code of Conduct and the Global Sales Principles, while ensuring the adequacy, adherence to and effectiveness of day-to-day business controls to meet obligations with respect to operational, compliance, AML/ATF/sanctions and conduct risk.
- Champions a high-performance environment and contributes to an inclusive work environment.

Do you have the skills that will enable you to succeed in this role

- Creative and self-starting, results oriented and highly motivated with strong analytical skills in order to apply this knowledge to independently resolve complex problems
- Collaborative and action-orientated mindset to bring key contributors and stakeholders together
- Strong verbal and written communication skills
- Excellent time management and organization skills in order to co-ordinate multiple projects in a timely fashion
- A recognized under-graduate degree in business or related area along with 4 to 6 years of practical experience is recommended
- Previous experience working on digital platform initiatives is desired

What's in it for you

- We have an inclusive and collaborative working environment that encourages creativity and curiosity and celebrates success!
- We provide you with the tools and technology needed to create meaningful customer experiences
- You'll get to work with and learn from diverse industry leaders, who have hailed from top technology companies around the world
- We hire you for your talent; not just a job; so you can grow with us. We'll equip you for success not only in your role, but also in your career as a whole
- Dress codes don't apply here: being comfortable does
- Our work from home social channel offers weekly virtual yoga, social events, learning opportunities, and contests to share current experiences & promote wellbeing in our new remote environment
- Access to thousands of online and in-person courses so you can hone your current skills, or learn new ones
- A competitive rewards package that includes a base salary, a performance bonus, company matching programs on pension and profit sharing, paid vacation, personal & sick days, medical, vision, and dental benefits that start from day one and much more!
- Free shuttle service to and from Union Station, onsite subsidized cafeteria with a chef, and an onsite fitness center *

*Some of our perks & onsite offerings will be offline as we continue to monitor federal and provincial regulations around COVID-19. Work arrangements: Fully remote / Hybrid

The way we work is changing. This is a fully remote role, where you'll be working exclusively from the comfort of your own home. While we're hiring for all shifts, we're flexible and will try our best to accommodate your preferred shift.

The role is currently virtual but will eventually be based in our office as requirements change, with optional partial virtual work.
