

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests, Lands, Natural Resource Operations and Rural Development: Courtenay or Nanaimo

This position is also posted as a Biologist 27 via Requisition 81014. We are also actively recruiting for a Licensed Aquatic Plant Officer (Licensed Science Officer (Other) 2) via Requisition 81013.

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development has a mandate to manage specified Crown land and resources in a manner that embraces the economic, environmental and social goals of government. These results are all essential to improving the global competitiveness of BC industry and our ability to attract private investment and to stimulate economic growth and job creation across the province.

As the Senior Licensed Aquatic Plant Officer, you will be supporting the delivery of the provincially delivered Aquaculture Program. This will include evaluating resource applications, conducting applied research, and leading or participating in complex projects. The successful candidate will require knowledge of the BC Fish and Seafood Act, the Land Act, related regulation and policy, as well as related pertinent provincial and federal legislation, associated public involvement and First Nations consultation obligations.

The BC Public Service is committed to creating a diverse workplace represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive, and rewarding workplace.

Qualifications for this role include:

• Degree in a natural resource field, or equivalent, as recognized by the relevant association, with two years of recent and related experience in a natural resource field.

• Registered (or immediately eligible for registration) with the British Columbia professional association as required by the specialty area (e.g.: Association of Forest Professionals, Institute of Agrologists, Association of Professional Engineers & Geoscientists of the Province of BC). Note: immediately eligible is defined as being able to transfer a current membership to one of the above BC associations within six months of employment.

• Experience interpreting and applying environmental/natural resource management legislation,

regulations and/or policies.
