

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

2 Diesel Mechanics urgently needed at a truck repair shop.

Terms: Permanent, Full-time with flexible working hours.

Location: 5900 Dixie Road Unit #11, Mississauga, ON L4W 1E9

Job responsibilities include:

- Determine vehicle condition by conducting inspections and diagnostic tests; identifying worn and damaged parts
- Perform equipment adjustments and repair the faulty parts manually or through machinery
- Ensure a safe working environment
- Ensure that all the maintenance work meets the manufacturer's specifications
- Lubricate, clean, tune-up, oil change and perform any other needed routine maintenance work done on the diesel engine
- Ensure that all the equipment fixed or repaired is sufficiently working
- Locate and repair diesel engine on the trucks and trailers
- Order parts and inventory under the manager's discretion
- Keep maintenance reports performed on vehicles

A qualified candidate must be knowledgeable with: fuel injection system, cooling system, AC system, lubrication, engine controls, installation and alignment of engines, mechanical transmissions, brakes and other mechanics involving diesel heavy truck machinery

### Experience

Minimum of 2-3 years of experience in heavy-duty equipment mechanics or related field

### Education Requirements

Completion of secondary school is required

### How to Apply

Interested candidates may submit their resume at [humbletruckrepair@gmail.com](mailto:humbletruckrepair@gmail.com)

Qualified candidates will be contacted via email only.
